PRICE FIVE CENTS

NICARAGUA CHOOSING NEW CAPITAL AFTER QUAKE

Rains Which Bring Spring Floods Help Farmers

Agrarians In U.S. Northwest Gain While Towns Lose

Losses on Buildings, Highways and Railways in Washington, Idaho and Oregon Put At \$1,000,000, But In Rural Parts Crop Outlook Greatly Improved; Merchants of Walla Walla Estimate Ruined Stocks in Store Basements.

Associated Press

Seattle, April 3.—All was not destruction in the wake of storms and floods that visited three Pacific northwest states early this week, even though the damage will total almost \$1,000,000.

To-day north central Idaho farmers in some sections were reaping over crop prospects and the benefit resulting to livestock ranges. Except in the vicinity of Juliaetta, where high waters sent residents fleeing from their homes, the record-breaking precipitation built up subsoil and helped grain crops immeasurably, reports said.

The Yakima, Wash., vicinity, too, was benefited by the heavy downpours and many parts of Oregon were in far better condition than before the storm. But in other sections the aftermath was a far different picture. Six persons were listed as dead or missing.

WALLA WALLA LOSER HEAVILY
At Walla Walla, Wash., the outlook was darkest, where days will pass before the damage is repaired. The city's streets were littered with boulders and debris. Power and telephone poles were down, pavements were torn up for blocks and gas and water mains were damaged.

BRITISHERS CUTTING DOWN LIQUOR BILL

Total Spent in 1930 Reported at \$55,000,000 Less Than in 1929

London, April 3.—Figures published to-day by the United Kingdom Alliance, a temperance society, indicate the people of Great Britain spent \$11,000,000 (\$55,000,000) less in 1930 on alcoholic liquors than in 1929.

Nevertheless more than \$27,000,000 (about \$1,385,000,000) passed from the pockets of thirsty citizens to liquor vendors and collectors of national revenue, the latter taking nearly \$121,000,000 (about \$605,000,000) as their share through excise and customs duties.

The alliance's statistics show the largest decline was in consumption of spirits, which fell more than nine per cent. Beer dropped less than two per cent. Brewers turned out 612,000 barrels less than in 1929, but 100,000 more were imported, chiefly in the form of a stout ale.

The expenditure per head of population during the year the alliance figures was 124 shillings (\$31), against 130 shillings (\$32.50) in 1929.

Pave Way To Strike Tax Rate Next Week

Council Hears Requests From Ratepayers For Further Cut in Levy

To Spend \$25,000 on Unemployment Relief; Schools Get \$10,000 More

Progress toward fixing Victoria's tax rate for 1931 was made by the City Council yesterday afternoon, but consideration of requests from the taxpayers' association for a further reduction of the rate was promised before the final level is struck. Matters before the board affecting the tax rate were:

Serial debentures refunding loan by-law given first and second readings, committed and passed.

Annual tax by-law given first and second reading and committed, as formality to make way for passage next week.

Hearing of a delegation from the taxpayers' association urging retrenchment to secure a rate of forty mills.

SS. FLORIDA COLLISION IS INVESTIGATED

Report Soon on French Liner's Crash Against British Warship in the Mediterranean

Bodies of Thirty-three Victims to Be Buried at Malaga, Spain, Where Ship Now Is

Malaga, Spain, April 3.—Malaga authorities to-day had nearly completed their investigation of the collision of the French liner Florida and the British aircraft carrier Glorious in a dense fog, sixty miles east of Gibraltar, Wednesday.

They were expected shortly to authorize burial here of the thirty-three bodies taken from the crushed stateroom compartments of the Florida when the vessel was towed to Malaga stern first after the accident.

CONTINUING VOYAGE
The surviving passengers, most of whom were migrants returning from Argentina to Genoa, will proceed to Barcelona and Marseilles aboard the French liner La Ferriere.

Identification of some of the bodies has been very difficult because of their mangled condition.

With the Florida listing badly at its wharf here, unloading is being rushed in the fear it may sink.

BROTHERS JURY AT CHICAGO IS OUT FOR DAY

Chicago, April 3.—Twelve men, guarded closely, labored to-day toward the close of a full day over the problem of whether Leo Brothers killed Alvin "Jackie" Lingle, Chicago Tribune police reporter.

They received the murder case at 2:24 yesterday afternoon and deliberated throughout the night, apparently without sleep. To-day there was no indication a verdict was in prospect. Through the barred jury room, guarded by a double detail of bailiffs, there seeped an occasional sound of argument. "Grapevine" information, impossible to confirm, was that the count was 10 to 2 or 11 to 1 for acquittal.

BOMB IS SET OFF IN HAVANA

Havana, April 3.—A small bomb was exploded last midnight at the portal of the new Capitol Building here, despite the presence of soldiers stationed there as guards. There was no damage.

WILL BROADCAST ARRIVAL OF NEW GOVERNOR-GENERAL

The arrival of the new Governor-General of Canada, the Earl of Wesborough, will be broadcast to-morrow over three networks—the Canadian National, the National Broadcasting and the Columbia. He is expected to arrive at Halifax early in the morning, and will proceed to the Nova Scotia Legislative Building, where he will be welcomed by Premier R. B. Bennett and a group of Federal Cabinet Ministers, probably around noon, Halifax time, which is 8 a.m. Victoria time. The swearing-in ceremony will then take place, followed by a salute and the National Anthem.

Princes Tour Buenos Aires Exhibition Grounds

The Prince of Wales (wearing straw hat) and his brother, Prince George (seated beside him), were having an unusual experience when the picture above was taken. They were making a tour on a special observation truck, of the ground of the British Empire Trade Exposition at Buenos Aires, Argentina.

Wood To Try Again For Speedboat Record

ALL BRITAIN IS ON HOLIDAY

Little Business Will Be Transacted Till Next Tuesday

London, April 3.—London and all Britain were in a state of suspended animation to-day.

Good Friday is observed here in a complete cessation of business activities and the holding of long and impressive ceremonies in all churches.

There will be practically no business transacted on these islands until next Tuesday, except what is absolutely essential. Next Monday, Easter Monday, is a legal holiday and about the only shops which will be open for a short time to-morrow are those which supply provisions in residential areas.

Everybody who was able to do so got out of London by Thursday for a long week-end and these holidaymakers numbered hundreds of thousands. They left in the atmosphere of murky dampness which continued to prevail to-day, offering little inducement to take activities.

TAKE RAINCOATS
English holidaymakers are courageous souls, however, and nothing daunted, they left well rained-out and otherwise equipped to take the worst if it should come, although hoping for the best and brightest weather.

The milkmen managed to make their rounds this morning, but the news-dealers had a day off. All the newspapers, even the morning papers, had suspended publication for the day.

SUICIDE ATTEMPT IN SEATTLE FAILS

Seattle, April 3.—William Phillips, twenty-seven, spent his last dollar in a suicide effort to-day and failed.

K. Sagawa, proprietor of a rooming-house, let him have a room after receiving the dollar in payment. A little later he smelled gas. A pulmonary squad revived Phillips.

BAD WEATHER DELAYS PLANES

Newark, N.J., April 3.—For the third time in as many days inauguration of east-west passenger and mail plane service on the thirty-one-hour national air transport route was postponed to-day because of bad flying conditions. The take-off was rescheduled for to-morrow.

Czechoslovakia Has Three-day "Divine Peace"

Prague, Czechoslovakia, April 3.—To-morrow, Holy Saturday, the Czechoslovakian Parliament will proclaim a three-day "divine peace" for the whole of the nation.

During the three Easter feast days the country's newspapers will abstain completely from controversy and in public meeting humanitarian ideals will be expounded.

U.S. Racer Congratulates Kaye Don on Setting World Record Yesterday and Prepares to Make Effort to Excel It

London, April 3.—Sir Malcolm Campbell, British automobile speed record holder, to-day said he had telegraphed his congratulations to Kaye Don, who broke the world motorboat speed record at Parana de Las Palmas, Argentina, yesterday.

"I think Kaye made a very fine showing," Sir Malcolm said. "He had bad luck, but made a fine come-back."

MESSAGE FROM WOOD
New York, April 3.—Gar Wood, white-haired United States speedboat racer, to-day sent a message to Kaye Don, British driver, at Buenos Aires, congratulating him on his new world speedboat record, and then prepared to leave for Miami Beach, Fla., and a new attempt to regain the record for the United States.

Kaye Dope yesterday drove his Miss England II over the muddy Parana River near Buenos Aires, at a speed of 103.49 miles an hour, surpassing Wood's mark of 102.56 miles an hour.

Wood, whose boat, Miss America XL, is at Indian Creek, Miami Beach, Florida, believes that with a few refinements of hull and engine he can get a few more miles an hour from it.

FRIENDLY RIVALRY
Through the Associated Press Wood dispatched the following message to Don:

"Accept my heartfelt congratulations on breaking my world record. Splendid stimulation of friendly international rivalry. I may give you another mark to shoot at soon. Best regards."

HOW ANDY'S LAWSUIT WAS PUT ON THE AIR

Closely followed by more millions than any other trial in history, was the recent breach of promise suit of Madame Queen against Andrew H. Brown, president of the Fresh Air Taxi-Com Company, Incorporated.

How this trial was staged before the microphone by only two men who doubled up in the roles of nearly a dozen persons and created the atmosphere of a large court in action, is a story as interesting as that of the trial itself. It will be told as a feature of the Magazine Section of The Victoria Times to-morrow.

Other features of the Saturday Magazine Section will include: The story of King Prajadhikop and Queen Rambai Barai, Asia's chief absolute monarch and his consort, who are now on their way from Siam to Victoria and will arrive here on April 17.

Highways and byways of North Sanich, by Robert Connell.

Lady Smith, city of promises, looks for development.

Big shots of Chicago gangdom find careers ending.

The girl who sacrificed her own career to make a film star of her baby sister—and now has won.

British admiral's daughter, who gave up wealth and society to live as a lowly Hindu, is now a Gandhi leader and has found satisfaction in life.

A new radical insurgency move is brought to U.S. politics by unemployment and industrial depression.

Robert Connell writes on Christopher North, journalist, philosopher, sportsman.

All women can be charming, says Mile. Chanel, Paris dressmaker, who designs the wonderful gowns seen in the movies.

FOOD SUPPLIES CARRIED TO MANAGUA QUAKE SUFFERERS BY AIRPLANES

UNABLE TO PROVE CAPONE IS VAGRANT

Chicago Officials Find No Policeman Who Can Dig Up Necessary Evidence

Judge Dismisses Charge and "Scarface Al" Walks Out of Court

Chicago, April 3.—Charges of vagrancy were wiped from "Scarface Al" Capone's escutcheon to-day. The prosecutors said they could find no policeman intimate enough with the gang chief's activities to testify to his vagrancy.

It was during his recent trial for contempt of federal court, for which he was given a six months' jail term that Capone had his first appearance in the municipal court as an alleged vagrant. The warrant had been issued by Judge John H. Lyle last fall when Capone was given position number one on the crime commission's roster of "public enemies."

The prosecutors asked leave to file an amended bill of complaint, and when this was brought in Policeman Roy Van Herk, signer of the warrant, acknowledged he could not of his own knowledge swear to Capone's lack of legitimate employment and failure to provide for his family.

NONE FOUND
"If you found a policeman who can testify," Judge Frank M. Padden inquired to-day.

Harry Ditchburne and Frank Mast, assistant state attorneys, said they had failed, and that evidence within the eighteen-month statutory limitation was lacking. They moved to dismiss the charges.

Capone, smiling, free of any state charge, walked out with his escort of detectives.

TWO CONVICTS READY TO DIE

Columbus, Ohio, April 3.—A promise of immediate death in the electric chair will bring a guilty plea next Monday from two Ohio penitentiary convicts, who confessed to the murder of a man in the snuffing out of the lives of 320 convicts.

The prisoners, Clinton Grate and Hugh Gibson, indicted for first degree murder on six counts, told Prosecutor Donald Hoskins and newspapermen to-day they would plead guilty when arraigned Monday if the prosecutor could guarantee the sentence be sentenced and electrocuted immediately.

INQUIRY IN NEW YORK WILL COST \$500,000

Forty-one Lawyers Will Dig Into Mayor Walker's Administration

Canadian Press
New York, April 3.—The New York Times to-day said a leading Republican member of the state Legislature estimated the impending legislative investigation of the New York city administration would cost \$500,000. The Legislature appropriated half that amount.

Employment of forty lawyers in addition to a clerical force to assist Samuel Seabury, who will be counsel for the legislative committee, was forecast.

Samuel Undermyer, who is counsel for District Attorney Thomas C. T. Grain in the investigation of that official's conduct in office, will assist Mayor James J. Walker to prepare an answer to the charges filed against him by the City Affairs Committee, an organization of citizens. Former Supreme Court Justice Daniel F. Cohalan will collaborate on the answer.

The Times said writing of the answer would begin immediately on Monday. Mayor's return next Sunday said that it would not only deny the charges of inefficiency and negligence, but would cite the accomplishments of the city administration.

AGED SPANISH PRINCESS IS ILL

Madrid, April 3.—The Infanta Isabel, aunt of King Alfonso, aged eighty years, is in delicate health and her physicians fear she is a victim of progressive paralysis. For a long time she has remained a recluse in the palace, abstaining from court ceremonials.

Relief Workers Believe Stores on Hand Are Sufficient To Tide Homeless People Over Till Orderly Methods Restored After Great Earth Shocks of Last Tuesday; Water Is Problem; With Managua in Ruins Indications Are Masaya Will Be Republic's New Capital.

BREAKING OF PROPELLER IS CRASH CAUSE

Fokker Believes Metal Fracture Plunged Eight to Death in Kansas

Designer Sees Wreckage of Machine in Which Knute Rockne Died

Associated Press
Wichita, Kan., April 3.—Anthony Fokker, designer of the transport plane in which Knute Rockne and seven others were killed, left here to-day by air for New York after expressing belief a broken propeller may have been responsible for the crash.

He said his investigation had not been completed and he would stop here next week on his way back to Los Angeles to seek further evidence as the cause of the tragedy.

SAW WRECKAGE
Fokker was accompanied by Jack Frye, official of the Transcontinental and Western Air Inc., owners of the plane, who made an inspection of the wreckage with him yesterday at the scene of the crash.

Pieces of the wreckage are being cleared away and brought here. Fokker is expected to confer with officials of the airline in New York.

STEAMER IS WRECKED IN THE YANGTSE

Iping, U.S. Vessel, Beached; Gunboat Keeps Off Chinese Pirates

Chungking, China, April 3.—The United States steamer Iping was wrecked on hidden rocks in the Yangtze River to-day, twenty miles down the stream from here. That section of the river is noted for pirate activities.

Crashing on rocks while trying to pass through a dangerous Yangtze gorge, the steamer received a big rent in her hull and the engine room was flooded. Although in a sinking condition, the craft was beached, but remained in a precarious position.

The United States gunboat Guam stood by to prevent possible onslaughts by pirates.

Shanghai, April 3.—The King and Queen of Siam, en route to Baltimore, Md., where the king will undergo treatment for an eye ailment, arrived here to-day aboard the liner Empress of Japan.

Dr. C. T. Wang, Chinese Foreign Minister, went aboard the liner and welcomed them to China in the name of General Chiang Kalshek, head of the Nationalist Government at Nanking.

The Empress of Japan is scheduled to arrive at Victoria April 17 and proceed the same day to Vancouver.

Woman Of Victoria Falls Fame To See Wonders Of Niagara

Canadian Press
New York, April 3.—The first woman to cross the celebrated Victoria Falls in Rhodesia, South Africa, is coming to America to see if Niagara Falls can thrill her.

She is Mrs. Josephine Cartwright, an English woman and sister of G. R. Broadberry, music editor of The Jamestown (N.Y.) Journal.

Mrs. Cartwright, who possesses plenty of pioneering spirit, went with her husband to the wilds of Rhodesia about the time Cecil Rhodes's great project, the Cape-to-Cairo Railroad, was actually materializing. The point the engineers selected for their bridge across the Zambezi River was at Victoria Falls, the most magnificent natural spectacle in Africa.

Mrs. Cartwright, scheduled to arrive here April 8 aboard the liner Homeric, will spend four months seeing America, then return to her Rhodesia home.

Niagara Falls are 167 feet high and 850 yards wide, with by far the larger flow of water going over the crest on the Ontario side of the Canadian-U.S. boundary. Victoria Falls average 400 feet in height and are 2,000 yards wide.

tion which was attended by most of the Liberal members of the Legislature and other responsible officials.

The basis of representation was fixed at ten voting delegates for each of the sixty rural provincial constituencies and twenty each for the cities of Regina, Saskatoon and Moose Jaw, where there are two sitting members in each case.

Regina, April 3.—For the purpose of considering reorganization of the Liberal Party in Saskatchewan, a provincial convention will be held in Moose Jaw as soon as possible after seeding is completed.

The decision was reached here yesterday evening at a meeting of the executive and organization committees of the Saskatchewan Liberal Association.

DAVIES WINS MOODY TROPHY BICYCLE RACE

Vancouver Rider Beats Out Classy Field to Win Cup a Second Time
Don Stewart, Titleholder, Is Beaten; Local Rider Second

Harold Davies of Vancouver spurred through to victory in the last lap of the Moody Cup fifteen-mile bicycle race at Beacon Hill Park this morning and secured the trophy for the second time, having previously won it in 1929.
Olen Robbins, a local rider, copied second honors, trailing Davies by only two lengths.
Syd Luck of Vancouver took third place.
The winner's time was 44:23.4-5.
Don Stewart, Victoria, winner of the trophy last year, failed to cope with the winners on the last lap after forging into second place on the fourteenth time round. He finished down the field.
Morris Robinson, the third of the Vancouver trio of entries, captured the lap prize, winning seven out of the fifteen trips around the hill.
Seven riders out of the ten entries finished the race. Lew Rush, one of Victoria's main contenders, was forced out by a puncture on the first lap. Parrott dropped out on the sixth lap and Hetherington on the eleventh.

PATRICK WINS
Murray Patrick pedaled to a sweet victory over a fast field in the under sixteen event over the two-mile route. Patrick rode a close second to Claude Peden on the first lap and then made up ground the second time round to win with a clear margin. Garfield Robbins was second, just nosing out Claude Peden who was third. Doug Peden, the fourth entry, finished close behind the leaders. The time of the winner was 5:32.
In the under fourteen class at one mile, Stanley Hulford rode to an easy victory in a field of eight riders. Don Tyson and Eric Charles had a great battle for the second position with the former just getting the call. Ted Bailey was fourth. Hulford covered the single lap in 2:45.

Langford

St. Matthew's Guild met on Wednesday afternoon at the home of Mrs. D. B. F. Bullen and decided to decorate the church for Easter. Gifts of flowers and greenery will be welcomed, and should be sent to the church by 2:30 o'clock on Saturday afternoon. Arrangements were made for an entertainment at Langford Lakeside, next Friday, in aid of the guild funds. The next meeting will be held at the vicarage. Tea was served by the hostess.
The Langford Tennis Club will enter a team in the Lower Island Tennis League. The executive committee on Wednesday evening arranged for new nets and painting the board courts. The opening will be on Saturday, April 25, weather permitting.
Mr. and Mrs. J. E. West and family are spending ten days at Hillbank, V.I.

Sooke

The Sooke and North Sooke Women's Institute will meet in Sooke Hall on Tuesday afternoon, when arrangements will be made for a gingham dance early in May.
Mrs. C. Richardson and Mrs. H. Percival attended the New Westminster convention of the British Columbia Provincial Women's Missionary Society of the Presbyterian Church in Canada. Miss Dorinda Colthurst, who has been attending the Shawanigan Lake School, is spending the Easter vacation at the home of her parents, Capt. and Mrs. Bowen Colthurst, Sooke River Road.
Seattle, April 3.—Listing creditors in almost every large city in the United States, the Aero Alarm Company of Seattle, filed a voluntary petition in bankruptcy in Federal Court to-day. Liabilities were given as \$8,537,460 and assets at \$1,801,073.

AERO ALARM FAILS

Seattle, April 3.—Listing creditors in almost every large city in the United States, the Aero Alarm Company of Seattle, filed a voluntary petition in bankruptcy in Federal Court to-day. Liabilities were given as \$8,537,460 and assets at \$1,801,073.

ILLINOIS THUGS GET \$10,000

Mundelein, Ill., April 3.—Four men held M. C. Mott, cashier of the Mundelein State Bank, captive in his home throughout yesterday evening, then trusted up his wife and three children, forced him to open the bank's vaults to-day and escaped with \$10,000. Mott was left in the basement until released when the day force arrived.

WHILE TOWNS LOSE AGRARIANS IN U.S. NORTHWEST GAIN

(Continued From Page 1)
Merchants to-day were salvaging stocks from basements of their stores and computing the damage.
BIG TASK AHEAD
Engineers said it would take two months to divert Mill Creek back into a channel. Low water pressure forced officials to take extra precautionary measures against outbreak of fire and residents were obliged to sterilize their drinking water.
Many bridges must be replaced, and all others in the vicinity will have to be repaired. Railroad lines, obstructed by landslides, were expected to be cleared to-day and trains to get back on schedule.
Highways which had been blocked by bulging streams and slides, virtually were clear again, but detours were necessary in several places.
HIGHWAYS USED AGAIN
Southwestern Washington streams also had receded and highways were open again. The Columbia River, however, still rose yesterday evening and this morning. Three detours were necessary on the Evergreen Highway. The Pacific Highway had been restored to normal.

In Oregon most of the streams were within their banks. Only the Willamette, where two men disappeared after their boat overturned, continued a swollen and angry stream. Railroad and highway traffic for the most part was resumed. Motor traffic was being detoured to the Evergreen Highway in Washington.
Railroad passengers at La Grande and Umatilla, Oregon, were being transferred to stages. Many bridges were out.
Pendleton, Ore., reported one death by drowning. St. Helens, Ore., another, and Pomeroy, Wash., and Walla Walla each one.

PAVE WAY TO STRIKE TAX RATE NEXT WEEK

(Continued From Page 1)

Notification from the school board that an additional \$10,000 would be secured in the grant for teachers' salaries from the provincial government. Authorization of an employment relief agreement with the provincial government under which the city will secure \$25,000 for relief, putting up a similar amount itself.
The tax by-law will be recommended at the council meeting next week, when the rate is set, and the procedure will then be open for final passage.
SUBMIT NEW PLANS
Proposals of the ratepayers' association for a further reduction in the mill rate were submitted by Frank Higgins, K.C., as follows:
That no further grant be made to the publicity bureau until a referendum is put to the ratepayers.
That a reduction of ten per cent be made on all civil salaries.
That the mayor's indemnity be reduced by \$1,000 and each of the aldermen by \$200.
That the cost of administration be reduced by eliminating all duplication of officials and unnecessary employees, especially in the following departments: City solicitor, city engineer and city land, it being suggested the latter be merged with some other department.

WANT TO HELP
"We are not here in a critical mood but with a desire to help," Mr. Higgins said. "Hitherto you have been unable to hear the desires of the taxpayers, but through this organization, which is growing by leaps and bounds, we are able to voice our opinions. It is part of a movement developing all over the country seeking to make governments cut down expenditures."
"We say there should be decreases in expenditure. We are only asking you to do what all businesses are doing at the present time and retrench. People in most businesses in this town now are working on reduced salaries and some only part time," he said.
Frank Leroy, president of the association, also spoke, declaring that members of the organization felt they had

MRS. J. S. A. BASTIN GAVE ADDRESS ON SPRING FLOWERS

Special to The Times
Ganges, April 3.—St. Paul's Church Guild was addressed by Mrs. J. S. A. Bastin of Mount Newton, Saanich, on Tuesday afternoon in the sunshine guild room. Ganges, Canon J. W. Flinton presided. Mrs. Bastin showed sprouting flowers of her own growing to illustrate an address on spring horticulture and the habits and propagation of bulbs. Tea was served by the guild.

The address was the first of a series to be given at intervals, the next to be on "Home Nursing."
Among those present were Canon and Mrs. Flinton, Mrs. E. Walter, Mrs. C. E. Beddis, Mrs. C. S. Macintosh, Mrs. F. Turner, Mrs. H. Johnson, Mrs. W. M. Wilson, Mrs. W. Harvey, Mrs. A. Elliott, Mrs. F. Speed, Mrs. E. H. Lawson, Mrs. H. Peter, Mrs. J. Mount, Mrs. S. P. Beech, Mrs. T. Birkitt, Mrs. G. J. Mount, Mrs. C. S. Holmes, Mrs. G. Simpson, Mrs. H. Robinson, Mrs. N. Wilson, Miss Manson and Miss Beddis. Mrs. C. S. Holmes, who was responsible for the afternoon's arrangements, said the proceeds of the address would be added to the fund for repairing the church roof.
Mrs. Bastin of Mount Newton, Saanich, has returned home, after being the guest of Mr. and Mrs. Norman W. Wilson at "Burnside," Central Salt Spring, for a few days.
P. Sweetman of the Forestry Department will shortly occupy the residence at Ganges formerly owned by the late J. C. Scovell.
Mrs. V. C. Best has returned to the Alders, Ganges, after a few days' visit in Victoria, where she was the guest of Mr. and Mrs. I. F. Dwinell.
Alex. Scoones of Ganges, has returned home after spending a few days at Galiano Island, the guest of his brother, Paul Scoones.
Mrs. C. Layard and son of Deep Cove, were visitors on Salt Spring this week. Inspector T. W. S. Parsons has returned to Victoria after spending a few days at Ganges, a guest at Harbor House.
Miss Ada Moffatt, who has been visiting Mr. and Mrs. A. G. Crofton at Ganges for a few days, has returned to Victoria.
Mr. and Mrs. Stephen Dunnell and child, who have been the guests of Mr. Dunnell's aunt, Mrs. M. Palmer, at Ganges for several days, have returned to Victoria.
J. Ewing of Vancouver, arrived on Thursday to spend a week on the island as the guest of Mr. and Mrs. A. G. Crofton.
Aubrey Bastin of Saanich has been the guest of Canon and Mrs. J. W. Flinton at the vicarage, Central Salt Spring, for a few days.
The monthly meeting of Ganges Chapter I.O.O.F. was held in the chapter room on Wednesday, the regent, Mrs. W. E. Scott, in the chair. Plans were made for meetings at the homes of members. The chapter will serve supper after the dramatic entertainment which is being put on by the Salt Spring Island Players at the end of the month. Members present were: Mrs. Macintosh, Mrs. W. Harvey, Mrs. F. L. Crofton, Mrs. E. Walter, Mrs. Elliott, Mrs. A. J. Smith, Mrs. G. B. Young, Mrs. H. Johnson, Mrs. J. Mount, Mrs. F. Walter, Mrs. J. C. Kingsbury, Mrs. Moorhouse, Mrs. C. Beddis, Mrs. Hague, Miss Royal and others.

NICARAGUA CHOOSING NEW CAPITAL AFTER QUAKE

(Continued From Page 1)

DOCTORS WORK HEROICALLY
Vaccination and inoculation against smallpox, tetanus and typhoid are being urged by U.S. Marine corps and naval medical corps officers as treating the injured. It was estimated 150 emergency operations were carried out interrupted by new quakes. Only chemical sterilization was possible.

DEATH TOLL
As bodies are recovered from the ruins, estimates of the death toll are being revised upwards. Colonel P. L. Bradman, in charge of emergency work, now reckons the number of dead at about 2,000. Other estimates run as high as 5,000 deaths. The bodies are being buried in some instances, but in others being taken to a large lagoon outside the city and burned.
When the government buildings here were wrecked all the state records were burned or buried.

Managua, April 3.—Two hundred United States warships and children bade farewell to-day to husbands and fathers of the United States marine corps as airplanes began their evacuation from Managua devastated by earthquakes last Tuesday.
Two tri-motor Ford planes and one Fairchild of the Pan-American Airways, which probably a Sikorsky later, were assigned to take the United States refugees to Corinto, Pacific Coast port, where some will remain, but most will embark for the United States.
The evacuation is continuing in Managua, continually reinforced by details which have been drawn in from outlying sections, and are superintending the view of the lack of accommodations and possibility of an epidemic it was thought best the women and children should leave the stricken area.

BANDITS WATCHED
Although the marine officers believe it impossible gangs of insurgents or bandits would attack the city in its present extremity, their watchfulness was made apparent yesterday evening when a telegram was received from Concepcion, fifteen miles away, that a bandit force was advancing on the city.
Everybody at the marine aviation field was ordered out, and civilians sleeping in the open, nearby were ordered to report for arms and ammunition so as to be able to defend themselves. A few minutes later it was ascertained the force referred to was fifty miles away and everybody was allowed to go back to sleep.

REPORTS HEARD
There were constant reports yesterday from natives reaching Managua from the outlands that bandits were approaching the city.
A Mexico City dispatch said Dr. Pedro Jose Zepeda, foreign representative of the insurgent chief, Augustino Bordin, had received a telegram from Sandino stating all hostilities against the United States marines were being called off during the crisis created by the earthquakes.
Marines yesterday evening shot two natives caught looting ruins.
FEEDING MORE THAN 7,000
Washington, April 3.—Dispatches to the War Department to-day from Col. Den Sulian in charge of the Nicaraguan Canal survey party, said marines were feeding over 7,000 persons in Managua, with the number increasing constantly.
"Hospitals and school buildings in Granada will soon be full of injured," he reported. "One trainload was dispatched to Granada April 2. Railroad line to west of Managua blocked by slides on rim of Lake Asocosa. Water supply of Managua formerly came from Lake Asocosa, but rim of that deep crater lake is shattered and pumping plant buried under slide.
"As this is only pumping equipment available, attempt is being made to salvage it and establish the pumps at new intake on Lake Managua.
"Will remain in Managua with all available force on relief work. Our main assignments are fire fighting and assisting in establishing water supply. All army personnel working splendidly, with little rest or sleep."

MRS. J. S. A. BASTIN GAVE ADDRESS ON SPRING FLOWERS

Special to The Times
Ganges, April 3.—St. Paul's Church Guild was addressed by Mrs. J. S. A. Bastin of Mount Newton, Saanich, on Tuesday afternoon in the sunshine guild room. Ganges, Canon J. W. Flinton presided. Mrs. Bastin showed sprouting flowers of her own growing to illustrate an address on spring horticulture and the habits and propagation of bulbs. Tea was served by the guild.

The address was the first of a series to be given at intervals, the next to be on "Home Nursing."

COURT ORDERS MOVE TO HALT BOY'S GROWTH

Los Angeles Lad of Fourteen
Weights 225 Pounds;
Parents Divorced

Associated Press
Los Angeles, April 3.—Adolph E. Roome Jr., fourteen, six feet tall, weight 225 pounds, would rather be a "physical monstrosity" than undergo scientific treatments to halt his growth, but must submit to his father's wish that he become a normal man.

Superior Judge Lester Roth, at the end of a trial yesterday in which Mrs. Roome, divorced from the father, joined with her son in opposing pituitary gland treatments, ruled that inasmuch as science can prevent it, the boy should not be allowed to become a "circus freak."

The son had protested on the grounds that previous treatments had interfered with his school work and affected his brain. The mother admitted she had not compelled her son to observe court order of a similar nature, handed down three years ago.

In arriving at his decision, Judge Roth said the principal question was whether the opinion of a fourteen-year-old boy should prevail against that of a parent whose interest and love in his offspring had not been impeded in the slightest. The boy's father is a surgeon.

The court said testimony from reputable physicians at the trial had shown

the treatments would not be harmful, and "there is a strong possibility such treatments might produce a beneficial effect."

Judge Roth, citing the Biblical injunction that a child should honor and "obey" his parents, ordered the boy to co-operate with his father "instead of aggressively opposing him."

Filial respect can not be legislated or enforced; it must be bred," the court said.

The parents were divorced five years ago. At that time the mother was given custody of the son, but the court yesterday ordered the father be given the right to see his son on Sundays and obtain his custody during a period of three weeks each summer.

Mexican Youths Urged to Attend Mexican Colleges

Special to The Times
Mexico City, April 3.—The youth of Mexico must be educated in Mexico, declares the National University of Mexico in a statement urging parents to send their sons and daughters to educational centers in the republic, instead of to schools and colleges in the United States, Canada and Europe.

There is a growing tendency among families of the "better classes" to send their children abroad to be educated, the university has sent out the appeal for Mexican education for young Mexicans. The appeal contends children schooled abroad return home foreignized, far removed in speech and manners from Mexican traditions. The university asserts Mexican educational systems compare favorably with those abroad, and that it is in the interests of the nationalization of the republic that its children be schooled within its bounds. The university lays claim to being the oldest seat of learning in the Americas. It was founded in 1563.

A very large percentage of the sons and daughters of the "upper classes" are either entirely educated in the United States and Canada, and even Europe, or are sent to schools in those countries for "finishing." The university deprecates the fact that practically all the children of the "upper classes" send their children north or to European colleges. Many Mexican families are sending their youngsters to private schools in the southwestern United States.

BIRD CAUSES MAN'S DEATH

Milwaukee, Wis., April 3.—A month ago Dr. John M. Sattler, sixty, was bitten on the hand by a love bird imported from South America. Yesterday he died. His physician said pitta-cocci, or parrot fever, was the cause.

GANDHI WISHES TO ESCAPE BIG LONDON CROWDS

India Leader Plans to Rise
Daily at 4 a.m. While At-
tending Conference

Karachi, India, April 3.—When Gandhi goes to London to attend the Second India Round-Table Conference the British government will have to meet several embarrassments in dealing with him.

In the first place it would appear there can be no session of the conference on Mondays of each week, since that is the day Gandhi religiously observes his twenty-four-hour period of silence and meditation.

Then a provision will have to be made for Gandhi to squat, or sit on

his haunches, on the floor of St. James Palace in his accustomed Hindu fashion.

TAKES SPINNING WHEEL
He will undoubtedly bring his beloved chark or spinning wheel, because he is at his best as a negotiator and talker when he concentrates his attention on spinning yarn.

Sir Bahadur Sporn, Gandhi's friend and prominent Indian Liberal, suggested Gandhi discard his gossamer loin cloth for trousers at the conference, but Gandhi has refused, saying he could never accustom himself to trousers, a stiff shirt, white collar and tight shoes.

Gandhi's solution as to escaping the crowds, to whom he is certain to be a great curiosity, is that he will arise every morning at 4 and steal away to the outer world before anybody else is up, and at night walk through the streets to his home when all London is dark and silent.

One In Eight Here Have Cars

Canada had a motor vehicle for every eight persons in 1930, as compared with one for every eleven people in 1929, according to a report issued by the Dominion Bureau of Statistics. The number of motor cars registered in 1930 was 1,239,899, an increase of 44,295 over the previous year. Ontario led in registrations with 564,689, and Quebec next with 178,976.

Revenue collected by the provinces for the year was \$42,826,484, an increase of \$1,970,043 as compared with 1929.

Women drivers are involved in only one of every forty fatal road accidents in England.

NEGRO MISSING AFTER FIRE AT VICKSBURG, MISS.

Vicksburg, Miss., April 3.—Two employees of the Houston Brothers' lumber plant at Waterville, near here, were injured and a negro was reported missing after a fire that swept the plant yesterday evening. Estimates placed the damage at close to \$1,000,000.

TINPLATE DUTIES ARE INCREASED

Ottawa, April 3.—Transfer from their free column under the British preference, and an increase in tariff in the other two classes of the Customs Act, are indicated for certain articles of tin plate and tinned sheets of iron and steel in an appraisers' bulletin issued yesterday by the Department of National Revenue.

Formerly tinned plates and tinned sheets of iron and steel seventy-two inches long by fifty-four inches wide were not made in Canada and were dutiable at "free, five per cent and five per cent" under the British preference, the intermediate and the general tariffs.

It is stated that due to the fact that these articles are now made in this country, they will carry imposts of 7½, 12½ and 15 per cent in these three classifications henceforth.

STEVENS RETURNS TO DOMINION

Montreal, April 3.—Hon. H. H. Stevens, Federal Minister of Trade and Commerce, is returning from the British West Indies, where he went to convalesce after his recent illness, and will disembark at St. John, N.B., from the Canadian National liner Lady Hawkins to-morrow. He is accompanied by Mrs. Stevens.

Sir Robert Falconer, president of the University of Toronto, and Lady Falconer are also on board the steamer.

JOBS FOR 1,000 MEN

Winnipeg, April 3.—Extension of Winnipeg's central heating pipe lines, involving immediate expenditure of \$1,500,000 and employment of a thousand men, will be started as soon as the weather permits, it is announced. The programme calls for installation of an additional plant and mains which are to be ready for use before next winter.

BEAUTY OR INDUSTRY

EARLY AS THE SEASON STILL IS, THE matter of summer automobile touring is already beginning to occupy people's minds. Many are wondering if they will be able, by good luck, to afford new cars in which to do the visiting; and towns that are on the tourist routes are likewise beginning to figure out new ways for attracting more visitors than they had the summer before, to their greater profit and glorification.

In this latter connection, there is a remark in Charles J. Finger's recent book, "Adventure Under Sapphire Skies," that is very much to the point. Every town in Canada that hopes to attract tourists ought to heed it, and it is worth reprinting here.

Mr. Finger remarks that every town has its "boosters' club" that tries to attract visitors; and he continues:

"But how do they set about attracting them? By making pictures of the beautiful places near their towns? By seeing to it that natural beauties are undisfigured? Not a bit of it.

"In nine cases out of ten they will tell you about the factories and the banks and the churches and the good water and the schools in their community. Now to do that is every bit as silly as if a business house should advertise that it had safes and cash registers and typewriters and ledgers. Such things are necessities and rightly taken for granted. So are schools and good water and banks necessities, and it should be taken for granted that every community has them.

"But what the towns might do is see that no local high board advertisements disfigure the landscape. They should look to the beautification of their town, so that travelers might wish to stay there, as the city of Leamington in England has beautified its streets and made them gay with flowers and potted plants.

"To put matters in a nutshell, the active-minded people who would do the right thing by their town should give some consideration to the tourists' point of view. But that they do not.

"Neither we, nor you who read, were ever, or are ever, likely to visit a town because it has an overall factory in full blast, or because there is a coal dealer and a wall-paper merchant in it, no matter how much of a citizen of credit and renown the advertiser might be."

Would that civic boosters might ponder deeply over this advice! It would make automobile touring on this continent infinitely more enjoyable.

VICTORIA HAS ONE

AN ANSWER TO THE CRITICISM that modern youth neglects business for pleasure, says The Liverpool Post, was provided when more than one hundred young Liverpool business men delayed their journeys home recently to crowd into the boardroom of the Liverpool Chamber of Commerce to discuss the formation of a Liverpool Junior Chamber of Commerce.

We are told that the gathering listened intently while representatives of the senior Chamber were speaking, many taking notes, while "there was no lack of volunteers to set the movement going, and many of the 'coming captains of industry'—as one older man described them—made useful contributions to the discussion with speeches that were short and to the point."

Victoria has nothing to learn from Liverpool in this respect. The local Junior Chamber of Commerce has done good work here. And perhaps British industry and commerce would benefit considerably if, in matters of this kind, there could be less of the "little-boys-should-be-seen-and-not-heard" attitude toward economic problems which youthful enterprise and ambition ought to help to solve.

HOW LONG IS MAN USEFUL?

THOSE WHO CLAIM THAT THE period of a man's usefulness is very brief will find an interesting exception in W. E. Miller, who at the age of ninety-seven, is an active choir singer—a tenor—and the director of the municipal chorus of Los Angeles.

There is no reason why a man's ability and accomplishment should be limited to a certain prescribed period of time. Some men are never able to add anything to the world's work. Some are productive for a little while. Some accomplish through the years. So long as people are physically, mentally and socially able to carry on there is no reason why they should be relegated to a rocking chair in an upstairs sitting room in an institution somewhere, or in the back parlor of a private home.

There are a great many pitiful cases in the world to-day of men who are able to earn a living, but because they have lived long enough to dispel the novelty that surrounds emotions and accomplishment they are put on the non-active list.

Certainly Mr. Miller is deserving of praise for the ability which he has preserved so splendidly that it is able to last him for nearly 100 years.

THE VALUE OF DREAMS

A PRACTICAL WORLD HAS LITTLE use for dreamers, unless they are the kind whose dreams can be translated into dollars and cents by a shrewd promoter. Mr. George Russell, the famous "AE" of Irish poetry, who told an audience the other night to cultivate dreams as a release for hidden genius, probably does not expect that very many people will take him seriously. Nevertheless, in a sadly imperfect world there ought to be plenty of us ready to adopt any device for rounding off the sharp corners of existence.

That was how Mr. Russell's own dreams began. As a young man, he worked in an office, and he

hated it. He found that the best way out was to create a dream world of his own in which he might live in the evenings. He devoted himself to this venture, night after night, then he found that dreams began to come to him unsought, developing within him a genius whose existence he had hardly suspected. Poetry came to him while he slept, just as it did to Coleridge. The unreal world became real, and life became the richer for it.

All of this does not seem to have much practical relationship to the affairs of everyday life. Yet the ordinary man spends a good deal of his spare time trying to devise ways of making his life a little bit more endurable, a little bit more happy, and Mr. Russell's prescription is the one most of us come to sooner or later.

For the world is a different place to the dreamer. Its pitiless realities do not dismay him quite so much, for he senses another world behind the realities. He has invented a place of his own; and if it does not really exist he knows that it ought to, and he feels, illogically, that some day it will.

And that is the peculiar value of dreams. In the course of centuries they do, somehow, get transposed into fact. Life to-day is conditioned by the forgotten dreams of millions of men who have been dead for centuries. Things go a little bit more easily because of those forgotten dreams; a little bit of cruelty and hardness has been taken out of the world because of them.

This, perhaps, was hardly what Mr. Russell had in mind. He was talking chiefly of poetry. But what is poetry, after all, but a kind of dreaming set down on paper?

The poet writes what he writes because of his dreams—or his visions, if you prefer that word; and if he is a great poet the world shares in his dreams, and takes them seriously, and sooner or later tries to shape part of its daily routine in accordance with them. The "practical man" scorns dreams, of course, but he lives by them without knowing it.

UNSUNG ACHIEVEMENTS

BUSINESS DEPRESSIONS, POLITICAL struggles and international complications may come and go, monopolizing the headlines and posing briefly as the important news of the day; but all the while medical science goes unobtrusively along its path, and without any blare of trumpets accomplishes things that will be considered the highlights of the age when historians get busy half a century hence.

A brief article in a recent issue of the Journal of the American Medical Association points to some of the accomplishments of medicine during 1930—a year noteworthy, to most of us, merely for the misfortune it inflicted on us.

It was not all misfortune. A great many lives will be saved, through many centuries to come, because of things that were done in 1930.

To begin with, the artificial lung, or respirator, was perfected by Drs. Philip Drinker and L. A. Shaw. This has already saved the lives of a number of people whose breathing apparatuses were paralyzed by infantile paralysis or gas poisoning.

Dr. J. Shega of Seoul, Korea, found that feeding vitamins in sufficient quantity to animals prevented leprosy; and it is hoped that this will point the way to the prevention of leprosy in human beings.

Investigators of Columbia University and Johns Hopkins Medical School believe they have found the virus causing the common cold.

It was discovered that Vitamin D shortens the time that it takes blood to clot—a matter of vital importance in surgical operations.

An instrument whereby heart disease can be disclosed in its early stages, before the ordinarily noticeable symptoms are apparent, was demonstrated by Dr. P. V. Wells of Newark, N.J.

Drs. Szymanski and Hicks of the Western Pennsylvania Hospital Institute of Pathology found that extremely short radio waves can be of value in killing the poison of diphtheria. Similarly, Dr. W. T. Richards of Princeton University found that fever produced by radio waves is helpful in treating paralysis; and the germ that causes creeping paralysis was discovered by Sir James Purves-Stewart and Katherine Chevassut of Westminster Hospital, London.

That is an imposing list of accomplishments. It may be that some of you who read this will live longer, because of these discoveries, than you would have otherwise. At any rate, it indicates clearly that 1930 was not quite the year of disaster that some of us have supposed.

WHAT OTHER PAPERS SAY

WHY PICK ON CHINESE?
The Stratford Beacon-Herald

Toronto police raided some of the places where its Chinese population gather the other day, and it was announced that 139 of the Celestials were found to have been playing fan-tan, a favorite gambling game.

Wonder if that means that Toronto police are going to run in all the people who gamble? If they poked around sufficiently they might find a good deal of bridge in very select circles, where the game was run for so many cents a point.

They could find tickets which are sold all over the country in a lottery on the weekly scores of hockey matches.

They might even find the odd game of poker going on with stakes running fairly high.

In season and out of season they could find people placing bets on horse races.

We can't see where any great point is established, or where any large moral victory is won by merely picking on 138 Chinamen.

DEBT CANCELLATION
The London Advertiser

Mr. J. M. Keynes, the famous British economist, says that if creditor countries like the United States cease lending and debtor countries are unable to sell their goods the latter will inevitably be unable to pay their annual indebtedness in gold. This is a reproach to the United States, which demands gold payment of war debts from European countries while trying to shut out their products. Great Britain, it is true, collects from her debtors on the Continent a sum equal to the amount she pays to the United States, but she doesn't refuse to take their goods, and she has offered to forgive them their debts if she is shown similar forbearance by Washington. The agitation for all-round debt cancellation has been finding influential advocates in the United States, who see that the debts have the same effects as high tariffs in strangling international trade and retarding prosperity.

A THOUGHT

Amend your ways and your doings.—Jeremiah vii 3.
He who reforms, God assists.—Cervantes.

Twenty-five Years Ago To-day

THE VICTORIA DAILY TIMES
APRIL 3, 1906
(From The Times Files)

An interesting fact has been brought to light by a comparison of the business done by the Pacific Coast Steamship Company on the San Francisco route during the month of March with the same month a year ago. Figures show that the travel has greatly fallen off, March in 1906 being a much better month than the corresponding period this year.

It is expected that within about six weeks the new system of street car watering will be in use in the city. The tramway company will take steps to have the cars constructed within this period, so that no longer time than is absolutely necessary may be lost. In the meantime the sprinkling will be done by the water wagons now owned by the city.

The D.G.S. Quadra, which sailed yesterday for the West Coast with the material and equipment for the new tower and light at Sechart, carried Captain Gaudin, the local agent of marine and fisheries, who has started on his annual inspection tour of the lights on the British Columbia coast. There are now about fifty of these and they are scattered over a vast area. The time taken on a visit is increasing year by year.

The new officers and crew of the H.M.S. Egretta arrived in the city last evening and have joined the vessel at the Esquimalt naval dock. The Egretta's new captain is Commander Frederick C. Learmonth, a well-known officer of the service of the Royal Navy, who has been appointed to succeed Commander John Franklin Parry.

Weather forecast—Victoria and vicinity: Light to moderate northerly and easterly wind, continued fair and warm during the day.

As baseball seems very popular this season, the Fernwood Athletic Association intend having a much stronger team than last year. It is their intention to play teams from Vancouver, New Westminster and the Sound. All the players have decided to stay together.

Other People's Views

The Editor is not responsible for the return of letters not published.

SINGLE TAX

To the Editor:—In The Times of March 28 Mr. John Dean still maintains the true to form. Scolding assertion as usual, has to do duty in the place of reason and argument, and he incoherently accuses the present conditions to mongrel single tax instead of former land boomerang which every-body knows was at the root of the matter. This is the story about the late Artimus Ward, although not overtly well put or applied, would indicate that he might prove more of a success as a humorist than as an economist.

Mr. Dean speaks of "the owners and occupants of land and improvements who are 'rich' because of the value of the land." He means, I suppose, that the value of the land is not made clear. There is a repetition of the ancient fallacy that buildings and other improvements can be made more valuable by public services and expenditures. It has been pointed out to Mr. Dean time and again, and he has never learned his lesson.

It is the current cost of materials and labor that determines the value of buildings and improvements. No amount of public services and protection can ever increase the value of a building beyond the cost of duplicating it. But it is otherwise with land. Its value is entirely created by the presence and activities of the community and the services rendered to the holder by the community. It is materially followed by the taxing improvements in effect real robbery, while taxing land values is merely collecting payment for value received and services rendered. This is clear and simple that, to quote Mr. Dean's own words, it should be "obvious to the lowest form of perspicacity." Then there is the "the good quality in taxing land values heavily that the tax cannot be passed on to the land owner as, instead of making land scarcer, the result is to bring more land into the market and, in effect, making land more plentiful and cheap.

The corresponding evil quality in taxing improvements is that it is passed on to the user of improvements, discourages the making of improvements, and consequently makes improvements scarcer and dearer.

Mr. Dean indicates quite broadly that I am the "boomerang" of the cause of disaster. Well, we don't profess to be too tender about the interests of those who live by getting into a jump or two ahead of industry and enterprise and holding them up for ransom before they can apply themselves to the production of goods from nature's boundaries. We are even not too sympathetic when we notice these boomsters biting off more than they can chew. We would much prefer to see them engaged in a more honorable calling. And I rather think we are the friends of all who render services or produce wealth, and are neither harmful nor disastrous to them, but on the contrary, are doing what we can to secure them their just rights.

ALEXANDER HAMILTON,
1909 Orchard Street, Eugene, Ore.

"NEW THOUGHT" IN POLITICS

To the Editor:—If it were not for the fact that "the evil that men do lives after them," I should be tempted to leave our politicians in the oblivion to which they have gone and where they rightly belong. But the closing scenes of the tragic comedy performed with the "New Thought" movement were such that it is hard to resist a pen of joy that, for a time at any rate, they are buried under the mud they are so successful at slinging. Their final act was on a part with all that went before, and after passing bills authorizing the expenditure of \$25,000,000 of our money, they turned the "Holy of Holies" into a bear garden.

If we have any sense left (which is about all they have left) this should be their final act.

It was said of Guy Pawkes that he was the only man who entered Parliament with the right intentions, and looking back on the session just ended

I am inclined to think that the man who said that he was gifted with second sight. He was just as right as I was when I called him a "New Thought" man. Nothing clean ever came out of it. Not even the Vancouver milk.

However, from the ashes of this miserable farce "New Thought" arises a phoenix-like, an emblem rather of reconstruction than of resurrection, which God forbid. A new hope and a new ideal, I was asked the other day what the "New Thought" in politics was. The answer is "Honesty"—just that. The idea is best expressed in the slogan, "Less politics in business and more business in politics," which is about the wisest wisecrack that has been cracked in years. And to its inventor I remove my hat. The whole aim (and intention, Mr. Editor) of the "New Thought" movement is to create an honest government. A government that will serve the people and desert its salaries. That will work like a board of directors in the interests of the shareholders people, with a managing director instead of a minister.

A government in which the departments heads will be technically qualified for the positions they hold.

A government in which the salaries will be commensurate with the work done and in which pensions will enable men to eat, drink and sleep, and that's all.

A government which will drastically limit all the absolutely unnecessary positions now occupied by political supporters.

That will abolish all acts of stupidity and cupidly that tend to curb private enterprise. That will make it legally and practically impossible for anyone holding an official position to benefit financially by virtue of that office.

That will abolish all pink teas, garden parties and other feminine necks, which are expensive, useless and undignified. In other words, to cut a long story short, to govern in the interest of the governed.

That actually in very simple language is the common sense ideal of New Thought, the story of democracy retold. Sounds good to the man in the street, but O boy, what a fight ahead of us.

If this simple doctrine sounds good to you who read this, if you have faith in the honesty and the ability of the writer, come on in and help, the writer's fine, but if you want to argue stop away, because I haven't time to argue and there's nothing to argue about, anyway!

No secrecy. If I want to paint your name on the new road way to prosperity it's mine to do as I like. Your signature is your subscription.

T. GUY SHEPPARD.

SAANICH RENEWS CONTRACT WITH PUBLIC LIBRARY

The Saanich council yesterday evening ratified renewal of the agreement with the Victoria Public Library for continuance of library service for the current year. Officials of Oak Bay and Esquimalt will be interviewed to ascertain if they favor joint application for representation on the Library Commission. Councilors remarked that payments without representation were improper.

Library service given Saanich by Victoria Public Library for three months of this year cost Saanich \$793.34, according to an interim account rendered and agreed paid. The charge was based on last year's costs of operating the Victoria Public Library, and are subject to adjustments at the end of the year. The basis of the charge is division of total expenses over book circulation.

The cost of service to Saanich last year was \$1473 and \$1473.00. It is doubtful whether the ratepayers would approve continued service when they realized the high cost.

Strawberry Vale

Mrs. A. Burnett, Leholme Road, who is leaving for Scotland this month, entertained on Wednesday. The guests included Mrs. W. P. McHaffie, Mrs. D. Earl, Mrs. A. E. Clampton, Mrs. Morrow and Miss Marion Morrow of Seattle, Mrs. E. L. Trickey, Mrs. W. J. Quirk, Mrs. H. S. Pringle, Mrs. J. O. Switzer, Mrs. M. Goodie, Miss Goodie, Miss O. Congdon and Miss G. Etheridge.

Beautiful Glen Lake—Close to City

New Four-room Summer Cottage nicely finished, open fireplace, large lot with good trees. Only \$1,900. Terms easy. Several waterfront lots for sale or we would build to suit and sell on easy terms. Access easy, new road just completed.

SCHOOL BY-LAW COSTS SAANICH \$8,057 YEARLY

Ratepayers Vote on \$93,000 Debenture Issue on April 18

Saanich ratepayers will vote on Saturday, April 18, on a by-law authorizing a loan of \$93,000 for construction of three buildings for high school purposes. The municipal council yesterday evening put the by-law through preliminary readings. The measure provides for interest of five per cent and a duration of twenty years before maturity of the issue.

The annual charges involved will be equivalent to one and one-quarter mills additional taxation, being \$3,407 for sinking fund and \$4,650 for interest.

POLLING STATIONS

The council named Clerk R. R. F. Sewell as returning officer and the polls will be open from 8 o'clock in the morning to 8 o'clock at night. The polling booths will be: Ward One, Cedar Hill School; Ward Two, Tolmie School; Ward Three, Gordon Head School; Ward Four, Marigold Hall; Ward Five, Royal Oak School; Ward Six, Keating Temperance Hall; Ward Seven, Tiltum School.

BOARD CUTS NEEDS

The council ordered a letter of thanks to be sent the School Board for having reduced its ordinary estimates from \$29,480 to \$27,288. The reduction had been made because of larger grants towards teachers' salaries to be received from the Department of Education.

HOME WEDDING OF ESQUIMALT GIRL TO-DAY

Miss Kathleen Wallace Becomes Bride of Herbert H. Hughes of P.P.C.L.I.

The home of the bride's parents, 636 Grenville Avenue, was the scene this afternoon at 3 o'clock of a pretty wedding when Rev. W. R. Brown united in marriage Kathleen Mary, eldest daughter of Mr. and Mrs. T. Wallace, and Herbert H. Hughes of the P.P.C.L.I. Work Point Barracks, son of Mrs. S. A. Bainbridge of Redford, Essex, England, and the late Mr. Hughes.

A profusion of spring flowers adorned the house and in the drawing room, where the ceremony was performed beneath an arch of ivy. Given in marriage by her father, the bride made a charming picture in a wedding dress of pale yellow tulle, fashioned with long full skirt and close-fitting, high-waisted bodice with long sleeves. On her head she wore a bandeau of orange blossoms and her bouquet was a shower of rosebuds and sweet peas.

She was attended by her sister, Miss Ruby Wallace, whose frock was of pale blue organdie fashioned with tight-fitting waist and skirt formed of three tiers of flounces. A bandeau of gold tulle was worn on her head and she carried a bouquet of daffodils and grape hyacinths. Little Miss "Bubbles" Wallace, niece of the bride, made a pretty flower girl in a frilly frock of pale blue organdie and carried a basket filled with daffodils and grape hyacinths. The groom was supported by Mr. A. McAllister of Victoria.

During the signing of the register Miss Elsie Deaville and Miss Marjorie Roodie sang as a duet, "O Perfect Love," accompanied by Miss L. Rowe. Miss E. Haccour played the wedding marches. Following the ceremony a reception was held at which the bride and groom were assisted in receiving their guests by Mrs. Wallace, who wore a frock of navy blue flat crepe and navy blue hat to match, and a corsage of violets.

Mr. and Mrs. Hughes left on the afternoon boat for Seattle where the honeymoon will be spent and on their return to Victoria will make their home at 1301 Aberdeen St. For traveling the bride chose a frock of nigger brown tulle, a travel-trunk coat and close-fitting felt hat to match her frock.

Among the many handsome wedding gifts was a tray of flat silver from the office staff of David Spencer's Ltd., of which the bride has been a member; a silver cake basket from the members of the Esquimalt United Church, where the bride has taken an active part in church work, and a silver sandwich tray from the choir of the Esquimalt United Church.

Fairfield W.A.—The Women's Auxiliary of the Fairfield United Church yesterday afternoon at 2 o'clock at the home of Miss Schroeder, Hollywood Crescent, when arrangements were made to hold a sale of work on the afternoon of April 29, in connection with which a hot-pot supper will be served.

Miss Betty Smith, who is attending Strathcona Lodge School for Girls, Shawigan Lake, is spending her Easter vacation with her parents, Dr. and Mrs. A. D. Bechtel, Rockland Avenue.

Mr. Harry Bray, with her small son, Master Marshall Bray, is expected in the city from Vancouver early next week to spend several weeks here visiting her mother, Mrs. J. Peters, Esquimalt.

Mrs. Edward Mahon arrived to-day from Vancouver to attend the annual meeting of the B.C. Teachers' Association next week, and while in the city will be the guest of Miss Gertrude Page, Octagon Mansions.

Mrs. E. E. N. McCallum and her two children returned to her home in Victoria yesterday afternoon from Vernon, B.C., where she has been spending the last two months with her mother, Mrs. Kidston.

Mr. and Mrs. J. H. Dickson announce the engagement of their daughter, Ruth Caroline, to Mr. Nelson John Smith, eldest son of Mr. and Mrs. J. Smith, Victoria. The wedding will be held in St. Paul's Presbyterian Church on Tuesday evening, May 5.

Mr. and Mrs. F. A. Lindsay, Suffolk Road, the Uplands, have left on their yacht to spend the Easter week-end at their country home on Tulla Island, and have as their guests Mr. and Mrs. James Gray, Miss Jennie Turner and Mr. W. Leach.

Mr. and Mrs. Harry Smith of 3909 Quadra Street announce the marriage of their youngest daughter, Bernice Lillian, to Loren E. Moore, which took place on March 26 at the home of the bridegroom's parents, 910 W. Sixth Street, Vancouver, Washington, Rev. Hayes officiating.

Mrs. R. W. Mayhew, Beach Drive, has as her guest for the Easter week-end, Miss Mary Mitchell, of Los Angeles, who is a student at Strathcona Lodge School for Girls, Shawigan Lake. Mr. Logan Mayhew, who is a student at Brentwood College, is spending his vacation in Vancouver with Mr. Robert Matkin, who is also a student at Brentwood College.

Miss Lena Mitchell, director of nursing at the Jubilee Hospital, Miss Herbert, Miss Meta Hodge and Miss Harriet "Brie" registers of nurses, will be among the Victoria nurses who will leave for Vancouver during the week-end to attend the annual meeting of the B.C. Graduate Nurses' Association in the mainland city on Monday and Tuesday.

A very delightful surprise party was held on Wednesday evening at the home of Mr. and Mrs. C. M. Cross, 1415 Walnut Street, the occasion being the fifteenth birthday of their daughter, Elsie. The evening was spent in music and games. The self-invited guests were Misses Lily Beckett, Dorothy Baker, Roberta McIlroy, Nellie Hardington, Elsie Cross and Billa Cross. Bob McConnell, Alfred McConnell, Walter Matthews and Mr. T. Campbell.

Society

Mr. Robert Muirgrave, Goodwin Street, Oak Bay, is spending the week-end at Duncan's on the Esquimalt.

Miss Elaine Fox, teacher at Cowichan Lake, is spending the Easter holidays at her home here.

Mrs. H. Banghart, F.R.H.S. of Seattle, arrived in the city yesterday and is visiting her parents, Mr. and Mrs. Thos. Bamford, Government Street.

Mr. D. Goepel came over from Vancouver to-day on an Easter visit to Mr. and Mrs. W. J. Goepel, Monterey Avenue.

Messrs. Norman Lang and Chris Morrison of Vancouver arrived in Victoria this morning and will spend the week-end here.

Capt. Hart, Morden of Vancouver will spend the week-end in Victoria with Mrs. Morden and his sister, Mrs. Gordon Hunter, Belleville Street.

Mr. Burke McPhillips of Vancouver is spending the Easter week-end in Victoria and is the guest of his father, James A. E. McPhillips, Rockland Avenue.

Mr. and Mrs. A. F. M. Slater, who have been spending a few days at the Forest Inn, Shawigan Lake, have returned to their home in Victoria.

Miss Marjorie Bell and Miss Elton Henderson are over from Vancouver to spend the week-end as the guests of Miss Bell's brother-in-law and sister, Mr. and Mrs. A. W. Miller, Cook Street.

Mr. and Mrs. Philip Proctor, accompanied by Miss Panta Tait and Miss Helen Tait, are spending the Easter holidays at Dr. Proctor's summer home at Finery.

Mr. and Mrs. Francis Drage of Vancouver will be among the visitors from the mainland spending the week-end in Victoria, and will be guests at The Angela.

Mr. Clarence Pitts of Ashcroft, B.C., arrived in Victoria yesterday afternoon, and is the guest of his father, Mr. S. J. Pitts, Rockland Avenue, for a few days.

Mrs. F. Bayard-Wilson returned to her home on Beach Drive, Uplands, yesterday, after spending a few days in Vancouver with Miss Eleanor Dunsmuir, who has also returned to Hatley Park.

Major H. W. Niven of Princess Patricia's Light Infantry, Esquimalt, has returned from England, where he has been attending the Senior Officers' School at Sheerness, Kent, and various attachments.

Mrs. John Nairn, Wilmet Place, Oak Bay, who has been visiting in Vancouver with her son and daughter-in-law, Mr. and Mrs. Kenneth Nairn, returned to her home in Victoria yesterday afternoon.

Mr. and Mrs. E. D. Todd, who have been spending the last two weeks in southern California, with her daughter, Miss Marie Todd, who is attending Santa Barbara Girls' School, returned to Victoria to-day.

Miss Betty Smith, who is attending Strathcona Lodge School for Girls, Shawigan Lake, is spending her Easter vacation with her parents, Dr. and Mrs. A. D. Bechtel, Rockland Avenue.

Mr. Harry Bray, with her small son, Master Marshall Bray, is expected in the city from Vancouver early next week to spend several weeks here visiting her mother, Mrs. J. Peters, Esquimalt.

Mrs. Edward Mahon arrived to-day from Vancouver to attend the annual meeting of the B.C. Teachers' Association next week, and while in the city will be the guest of Miss Gertrude Page, Octagon Mansions.

Mrs. E. E. N. McCallum and her two children returned to her home in Victoria yesterday afternoon from Vernon, B.C., where she has been spending the last two months with her mother, Mrs. Kidston.

Mr. and Mrs. J. H. Dickson announce the engagement of their daughter, Ruth Caroline, to Mr. Nelson John Smith, eldest son of Mr. and Mrs. J. Smith, Victoria. The wedding will be held in St. Paul's Presbyterian Church on Tuesday evening, May 5.

Mr. and Mrs. F. A. Lindsay, Suffolk Road, the Uplands, have left on their yacht to spend the Easter week-end at their country home on Tulla Island, and have as their guests Mr. and Mrs. James Gray, Miss Jennie Turner and Mr. W. Leach.

Mr. and Mrs. Harry Smith of 3909 Quadra Street announce the marriage of their youngest daughter, Bernice Lillian, to Loren E. Moore, which took place on March 26 at the home of the bridegroom's parents, 910 W. Sixth Street, Vancouver, Washington, Rev. Hayes officiating.

Mrs. R. W. Mayhew, Beach Drive, has as her guest for the Easter week-end, Miss Mary Mitchell, of Los Angeles, who is a student at Strathcona Lodge School for Girls, Shawigan Lake. Mr. Logan Mayhew, who is a student at Brentwood College, is spending his vacation in Vancouver with Mr. Robert Matkin, who is also a student at Brentwood College.

Miss Lena Mitchell, director of nursing at the Jubilee Hospital, Miss Herbert, Miss Meta Hodge and Miss Harriet "Brie" registers of nurses, will be among the Victoria nurses who will leave for Vancouver during the week-end to attend the annual meeting of the B.C. Graduate Nurses' Association in the mainland city on Monday and Tuesday.

A very delightful surprise party was held on Wednesday evening at the home of Mr. and Mrs. C. M. Cross, 1415 Walnut Street, the occasion being the fifteenth birthday of their daughter, Elsie. The evening was spent in music and games. The self-invited guests were Misses Lily Beckett, Dorothy Baker, Roberta McIlroy, Nellie Hardington, Elsie Cross and Billa Cross. Bob McConnell, Alfred McConnell, Walter Matthews and Mr. T. Campbell.

Miss Andrew Tremayne, who is a student at Strathcona Lodge School for Girls, Shawigan Lake, is spending her Easter vacation with her parents, Dr. and Mrs. E. Tremayne, William Head, and has her guest, Miss Sheila Stewart Cranbrook, who is also a student at the same school.

Mr. and Mrs. T. H. Smallwood, who held their home at Tongford Lake last October intending to reside in England, have returned to Canada. They were en route for Victoria last week when Mrs. Smallwood suffered a sprained ankle and was in a train accident. They returned to Regina, where they are the guests of their daughter and son-in-law, Mr. and Mrs. R. W. Allen.

Miss Betty Mowatt is well enough to travel west, when they will again make their home here.

A surprise shower was held at the home of Mr. and Mrs. J. H. Miller, 607 Logan Avenue, in honor of Mrs. Robinson, who is to be married shortly. A large bon-bon was filled with beautiful gifts and little Michio Okamoto pulled the bon-bon with the bride-elect. Many friends were present. Solos were rendered by Misses Lamb, Miller and Misses Lamb, Mrs. Robinson and Misses Maude Robinson and a concluding speech was made by the groom-to-be. Delicious refreshments were served. Miss Betty Mowatt, Mrs. Horace Okamoto and Miss Beattie Bryant.

The infant daughter of Mr. and Mrs. Julian I. Pigott was christened in London, England, recently, the little girl receiving the name Diana Elizabeth. Her godparents were Mr. Henry Hunkelo, Lady Thomas, and Lady Mount Stephen. Mrs. Pigott was the former Miss Helen Mackenzie of Government House, Victoria. A profusion of cut flowers and potted plants in every available spot and the sea view made a gay setting. A wonderfully interesting musical programme was rendered by the following artists: Miss Jessie Smith, Allan Anderson, Kathleen Irvine, Jean Mayhew, instrumental numbers: Mademoiselle Olive Deior Wilcox and Misses M. G. Howell, Marjorie Watson, Master Billie Inglis and Kenneth Cave, vocal. Mrs. McFarlane ushered the guests into the dining room. A very generous amount was realized for the Peace River mission.

About one hundred and fifty guests attended the tea on Wednesday at "Maycroft," the residence of Mrs. R. W. Mayhew, 2551 Beach Drive, under the auspices of the W.M.S. of First United Church. The dining-room with its decoration of pink roses and pink candles in silver candelabra was presided over by Mrs. S. J. Drake assisted by Misses Ratray, McAllen, Bell, Mademoiselle Huxtable and Conybeare. Mrs. M. L. MacLennan and Mrs. McFarlane poured tea. A profusion of cut flowers and potted plants in every available spot and the sea view made a gay setting. A wonderfully interesting musical programme was rendered by the following artists: Miss Jessie Smith, Allan Anderson, Kathleen Irvine, Jean Mayhew, instrumental numbers: Mademoiselle Olive Deior Wilcox and Misses M. G. Howell, Marjorie Watson, Master Billie Inglis and Kenneth Cave, vocal. Mrs. McFarlane ushered the guests into the dining room. A very generous amount was realized for the Peace River mission.

The Titian canvases came from the collection of the late Friedrich August von Kaubach of Munich.

BUSY AGENDA FOR B.C. NURSES

Visit to Essondale Among the Features at Vancouver Meeting April 6 and 7

An interesting agenda has been prepared for the annual meeting of the Graduate Nurses' Association of British Columbia to be held in the Royal Columbian Hospital, New Westminster, on Monday and Tuesday next.

The programme will start at 10 a.m. on April 6 with the business meetings of the three sections. Public health nursing committee, nursing education committee and the private duty nursing committee. At 2 p.m. the invocation will be given by the Rev. Canon Gratton, followed by the president's address. At 7.45 p.m. a dinner will be given in the Georgian Club, 541 Seymour Street, Vancouver.

TO VISIT ESSONDALE
On Tuesday there will be a visit to the Essondale Mental Hospital at 9.30 a.m., and at 2 p.m. joint meetings of the public health nursing, nursing education and private duty nursing committees, at which the speakers will be: Miss Ethel C. Pipes, dietitian, Vancouver General Hospital on "The Four 'P's'"; Dr. W. A. Robertson on "Emotional Man and How to Nurse Him"; and Dr. Coleman on "The Widening Conception of Professional Service." Tea will be served by the New Westminster Graduate Nurses' Association and hospital staff.

At 5 p.m. there will be a council meeting and at 8 o'clock the report of the inspector of training schools and other reports of standing committees, special committees, also unfinished business and the election of officers and councillors for the coming year. A little play will then be given, dramatizing "Public Health Nursing of Many Lands" by the Public Health Nurses' Alumnae of the University of British Columbia, after which any new business arising will be discussed and a council meeting will be held.

For information regarding tickets for banquet, transportation to New Westminster and nurses wishing to go on Essondale trip, nurses should telephone the registrar, 118 Vancouver Block, Vancouver, or the Vancouver General Hospital Training School office.

Assembly No. 5, Canadian Daughters' League, met Wednesday evening in Shrine Hall when officers for the ensuing year were elected by acclamation. Delegates for grand council in May were also elected. The following resolution from Assembly No. 15, Canadian Daughters' League, which was endorsed by the executive grand council, was further endorsed by the assembly:

"Whereas, despite the holding of international peace conferences, the signing of peace treaties, disarmament pacts, the organized efforts to encourage and strengthen a spirit of amity between all peoples, and by thought and deed, to foster in our homes and communities a spirit of goodwill towards peoples of every race and creed, there still exists a strong feeling that future war is inevitable; therefore we, the undersigned of Canada, desire to register our protests against the spirit of war and hereby declare ourselves to do everything in our power to abolish the spirit of war."

Mrs. G. H. Gardiner gave a review of Dr. H. F. Thompson's address on "Prevention of Tooth Decay and Mouth Diseases," which took place recently. Mrs. Pike read a paper on the development of Canadian National Broadcasting to the present time. A progressive telephone bridge party is being planned for April 24.

A portrait of Ralph Leicester, by Thomas G. Macdonald, was purchased by the Ferargil galleries for \$5,500.

The Titian canvases came from the collection of the late Friedrich August von Kaubach of Munich.

PUPILS GIVE FINE CONCERT

Oaklands School Students Present Performances in Aid of Sports

To raise funds to assist in defraying the costs of sports at the school, young students of Oaklands delighted a gathering of approximately 1,200 in the auditorium of Victoria High School yesterday evening. Totally unaffected by stage fright the tiny tots particularly gained warm applause from the audience for their splendid performance.

Demonstrating a good sense of rhythm, the thirty-two-piece toy symphony, under Miss B. Beal, played "Pop Goes the Weasel" and "Shoemaker's Dance," with particular effectiveness. It was given unstinted praise for their rendition of other pieces.

"Toymakers' Dream," a delightful collection of numbers, proved exceptionally outstanding.

Eleven items were included in this beginning with a piano solo by six-year-old Phyllis Hicks, a composed little musician who knew her piece to perfection. The chorus was sung by a number of small boys appropriately dressed in pyjamas, and they followed the "March of the Toy Soldiers," by boys dressed in toy soldier uniform; a military tap; a Dutch tap, danced by three boys and three girls; an action song by girls, dressed as French dolls; a minuet, danced by several small girls; a rainbow dance, and the closing chorus.

GOOD DRAMATIC TALENT

An opportunity to demonstrate the talents of the young students was given in the dramatized fairy tale based on "Little Red Riding Hood," in which Grace Zala took the part of the central figure. As the mother, Bernice Peck was given a warm reception, while Eileen McGeachy, the queen of the fairies, and Molly Court, as the wandering prince, carried their roles excellently.

The Oaklands School fourteen-piece orchestra, conducted by Miss Kinnaird, also showed a keen sense of rhythm and actual knowledge of composition in the intelligent and pleasing renditions of "The Roseary," Beethoven's "Minuet," "Serenade," "Venetian Waltz," and other numbers.

Thirty-six girls compose the senior choir, which sang with much sweetness. The school is fortunate in having some gifted young pianists, two very small girls doing the accompanying for the toy symphony. Victoria Cross, an unusually clever girl of ten years, played the piano for the school orchestra. Mrs. T. Jephson and Miss K. Lemm provided the other incidental piano music.

The entertainment, which has been assisted by the sports fund, was convened by Principal R. H. McInnes.

Music Festival

At Nanaimo Has Many Enrolled

Special to The Times
Nanaimo, April 3.—The Upper Island Festival to be held in Nanaimo April 29, 30 and May 1, promises to be the most successful yet held. Entries are twenty above those received at the same time last year, and the executives are expecting many more. To date 225 entries have been filed.

YOUR BABY and MINE

By MRS. MARY ELDER

Mrs. Eldred will be glad to answer any questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

DON'T FEED CHILDREN OF GUESTS WITHOUT PARENTS' CONSENT

Naturally the hospitable housewife, in her desire to do her duty by her friends' children, is inclined to feed them. In many childless households there is very little to amuse small guests, so the hostess rushes to the kitchen to see with what culinary products she can charm away the tedium of the visiting hours.

We applaud the worthy motives of the hostess, but deprecate the form they take. The usual child in this modern age is fed by the clock, whether he is still an infant or a child of school age. He has been led to believe by his mother's words and acts that regularity is extremely important and that extra foods are taboo.

FIXES PIECE OF PLEASANT

Then he goes visiting and, to his surprise, finds his hostess eager to feed him. "Now just one of those cookies. They aren't a bit rich and all the children like them. Don't be foolish, Ellen, one can't possibly hurt him." So he eats the cookies, nothing at all happens, and he begins to think that his mother is very queer and funny. To eat cookies in the middle of the afternoon is an experience he would repeat.

In summing up any such problems, one must consider both the desirable and undesirable angles and decide which overbalances the other. It is true that only one cookie will not hurt a child. It may not even spoil his appetite for his dinner. It is hospitable of the hostess and pleasing to her guest. All these are desirable, at any rate harmless angles.

WILD FLORA IN LOVELY SLIDES

Mrs. H. Banghart, Former Victorian, Describes Possibilities of Rock Gardens

Members of the Island Arts and Crafts Society and an appreciative group of local garden enthusiasts were delightedly entertained yesterday evening in the clubrooms of the society, Langley Street, when Mrs. Edith Banghart, F.R.H.S., gave an address on "Rock Gardens," illustrated with numerous slides of unusual beauty from photographs taken and printed by the artist-gardener herself.

P. B. Pemberton introduced the speaker and recalled that on several occasions in his capacity of judge of horticultural shows on the Pacific Coast he had had the privilege of presenting first prizes to Mrs. Banghart though not realizing at the time that she was a Victorian and the daughter of the Arts and Crafts president, T. B. Bamford. Mrs. Banghart as a young girl had been associated with the agricultural department in the provincial government under the late T. B. Anderson, Deputy Minister of Agriculture. In her address Mrs. Banghart paid tribute to Victoria Alpinists, J. C. Bennett, J. Hutchinson, J. R. Hibbertson and Capt. Rant, to whom she owed her first inspiration which led her to embark upon her artistic and successful career. The pictures of many

lovely varieties of lupins, heathers, anemones, erythroniums, juniper, blue and white columbines, and a special species of campanula named for the late Prof. Piper, once of Victoria, were among the many slides blooming in all their delicate beauty and vivid colorings both in the meadows of Mt. Rainier and Mt. Baker, and in the gardens where they had been transplanted and arranged in lovely settings for an artist's delight or a poet's dream. Those of Mrs. Banghart's own garden were particularly beautiful and the charms of the Alpine growth in the Canadian Rockies, particularly about Lake Louise, were shown in gratifying profusion. The soil and atmospheric conditions in Victoria she has found even better than in Washington, where much of the soil must be made, in order to obtain the desired results. Everywhere in the east she had found Victoria famous for its gardens, said the speaker.

J. Hutchinson in thanking the speaker for her informative, beautiful and inspiring address, complimented the United States in acquiring one more of Canada's best gifts in the person and genius of Mrs. Banghart. Refreshments were served by a committee of the Island Arts and Crafts Society, and an hour spent in renewing old friendships and answering innumerable questions.

NOTED WOMAN NOVELIST DIES

Katherine Tynan Had Been Writing For Last Fifty Years

London, April 3.—Katherine Tynan, Irish poet and novelist, died here yesterday evening after a brief illness.

Mrs. Katherine Tynan Hinson was one of the most prolific writers of verse and novels in the past fifty years. She began writing at the age of seventeen, and published her first volume of verse in 1885. Two years later she began to write prose, and from then until her final novel was published in 1930, a steady stream of verses and novels flowed from her pen. Among her better known books were "The Way of a Maid," "The Luck of the Fairfaxes," "The Web of Fraulein," "The Rattlesnake," "The Man From Australia," "Even Song," "Haroun of London" and "The House in the Forest."

Undecided
"How is it your maid waits on the table with her hat on?"
"She only came this morning and does not know yet if she will stay."

AUNT HET

BY ROBERT QUILLLEN

"A woman don't love a man she can trust too much. It's like havin' on a hat you know no other woman would have."

Instant Lip Loveliness That Lasts 8 Hours!

You apply when you go out

New lip coloring lasts all day or evening. Ends constant "making-up."

Here's that indelible lip color that banishes all the smearing and fleeting life of present ways in make-up. A totally NEW type, different from any other you have ever tried.

You put it on before you go out. Then forget about it. Six hours, eight hours later your lips are still naturally lovely. Do you wonder that women

Eight hours later—lovely lips! everywhere are flocking to its use?

What To Ask For

It is called the NEW Kissproof Indelible Lipstick and is on sale at all toilet counters in 2 forms. Lipstick—Black and Gold Case, 50c—Swivel, 75c. Lip and Cheek Rouge, 50c.

Kissproof

The NEW INDELIBLE Lipstick

Perfect Sight—Without Glasses

Without Glasses

Practically every known eye trouble—even partial blindness—has been benefited and entirely cured by a new technique. Far sight, near sight, astigmatism, cross-eyes, squint, cataract—all have been successfully treated without medicine, operation or optical aids of any kind. If you suffer from any form of eye trouble call at once and learn how you can have better eyesight, better health, a richer life—unhampered by glasses. It may mean so much to you.

New-type Whole Wheat Biscuit

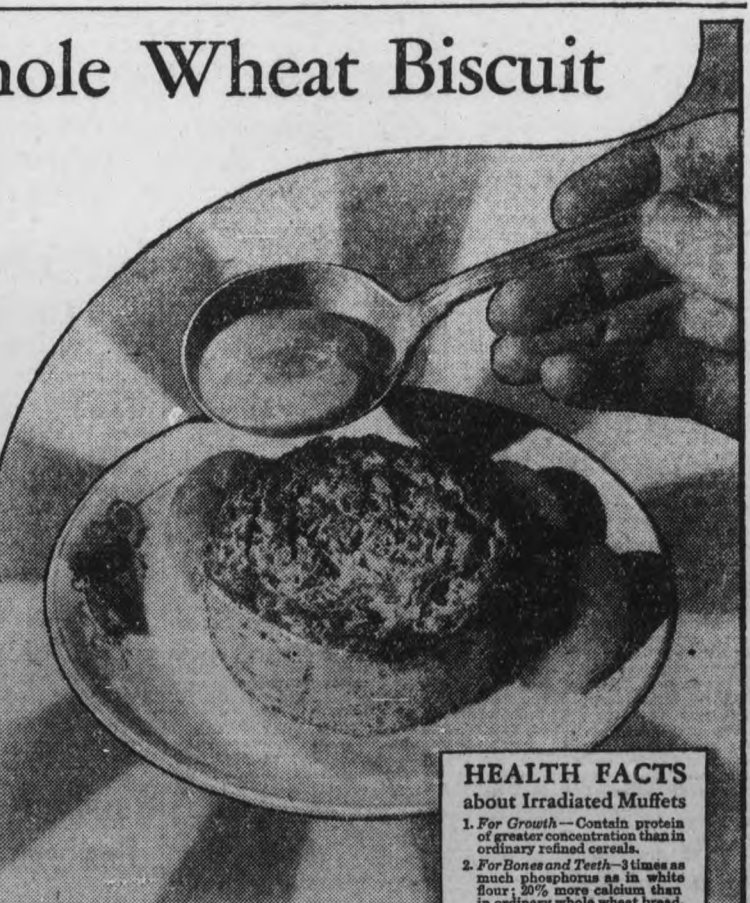

MUFFETS with the Sunshine Vitamin

Muffets... a crunchy, ribbon of cooked whole wheat... wound round and round... and baked to a tempting golden crispness.

Sprinkle with sugar over its crinkled, golden-brown top... add a generous portion of cream. Or heat a Muffet, pour hot milk over it, and then, if you prefer, add cream.

Muffets are as nutritious as they are tasty. They contain the carbohydrates, protein and roughage of the entire wheat berry... plus the precious sunshine vitamin D that helps you use the lime in your food.

In every package is our guarantee to refund you the cost of the package if you do not agree that Muffets is the best whole wheat biscuit you ever tasted. Get a box of Muffets today... nicest, most satisfying whole wheat cereal you have ever tasted.

MUFFETS

HEALTH FACTS about Irradiated Muffets

1. For Growth—Contain protein of greater concentration than in ordinary refined cereals.
2. For Bones and Teeth—3 times as much phosphorus as in white flour; 2½ times more iron than in ordinary whole wheat bread.
3. For Your Blood—3 times as much iron as in white flour.
4. For Well-being—Roughage, in the exact proportion intended by nature.
5. Vitamin D—The new sunshine vitamin D that helps you use the lime in your food.

Winnipeg Wins Allan Cup Scoring Triumph In Amateur Hockey

THE SPORTS MIRROR

Majority of Golfers in United States Protest New Ball
Head of Association Makes Odd Statement on Its Introduction
Cyril Tolley Is Doing a Lot of Unnecessary Worrying
English Football Teams Face Anxious Days Over Easter

SOME very interesting discussion is taking place in the United States over the introduction of the new golf ball by the United States Golf Association. From what we have been able to learn there doesn't appear to be anyone in that country who wants the new pellet except the officials of the association and a few golf ball manufacturers. One thing lots of American golfers want to know is, why can the United States Golf Association, acting on the authority of the people who elect it, 1,100 country clubs, get United States golf ball manufacturers to stop making the old standard ball used by thousands of people who are in no way connected with the association. What authority has the association to force its decisions, wise or not, on people who are not responsible to it? Of course foreign companies make the small pellet but it seems rather odd that United States golfers must buy a small ball made by manufacturers outside their own country.

H. Ramsay, president of the association, has come forth with rather a peculiar announcement. He states: "The rules of the United States Golf Association are not their own rules but the rules of golf. People who adopt and play by other standards may be enjoying themselves but they are not playing golf."

Well, if that's true, then a game which has developed in modern times in Scotland and England into what we always thought was the game of golf, was not golf, and never will be golf, because it is played by other standards than those of the United States Golf Association, the most noticeable difference being that the people in Canada and abroad play with an ordinary ball and those in the United States play with a balloon ball.

Cyril Tolley, crack English golfer, has reopened his case against a chocolate firm in England for using his name in advertising the fact that he is a professional golfer. Tolley is suing for damages. But Tolley is overvalued when he says such use of his name endangers his amateur standing. His amateur standing could not be affected unless it was shown that he sold the right to use his name and was trading his golf reputation for a profit. That isn't done in England, although it has been a popular pastime in some of the amateur sports in the United States.

Easter week-end is always an anxious time for football teams in England. The home and away matches reached now and nothing really definite has been settled, although everything points to Arsenal winning the First Division title. Everton carrying off the Second Division crown and Notts County the championship of the Southern Section of the Third Division.

English teams will engage in three games a week, and these matches will go a long way towards naming the champions, and the teams that must be relegated. Among the managers, it is none other than Birmingham, one of the cup finalists. Blackpool are also in danger and cannot afford to lose many more points.

Footballers throughout Canada are still continuing their battle to obtain substitution of players in matches. At the recent annual meeting of the Manitoba Football Association, the delegates went on record as being in favor of the use of substitutes. The association decided to appoint a committee to study the subject and render a report.

The Manitoba delegates, the same as many other officials throughout Canada have done, stressed the fact that many teams weakened through injuries, have suffered owing to the absence of a rule which would allow use of substitutes.

Did you know that Rogers Hornsby will not be a success as playing manager of the Chicago Cubs? Do you want to know why? Well, Ty Cobb, writing in a recent issue of the American Legion Monthly, says, to wit, viz.: "The playing manager has a hard row to hoe. He cannot be on the field and on the bench. The bench is the hotbed of team bohemism. It is on the bench, while the team is on the field, that the clubhouse lawyers get in their deadly work. What is a clubhouse lawyer? A clubhouse lawyer is a disgruntled ball player who tries to influence others against the management. Ty ought to know about clubhouse lawyers. When he was playing manager at Detroit, the bench was full of 'em."

Terrific Speed Is Keynote In Second Win Over Hamilton

Western Champions Capture Canadian Title by Scoring 3 to 1 Win Over Tigers for Second Successive Victory; Earn Right to Represent Canada at 1932 Olympic Games; First Time in History That Teams From One City Have Captured Both Canadian Senior and Junior Crowns; Elmwoods Lifted Memorial Cup.

Winnipeg, April 3.—Winnipeg's second Canadian amateur hockey championship was safely tucked away to-day. Yesterday evening the 'Pegs defeated Hamilton Tigers, eastern amateur champions, 3 to 1 and brought the coveted Allan Cup back to the west. Winnipeg won the first game of the series by a 2 to 1 count. It was a notable victory for Winnipeg as only last week the Elmwoods of this city had captured the Memorial Cup, emblematic of the Canadian junior crown.

HOCKEY FINALS AT A GLANCE

VICTORIA CITY UPSET DOPE TO CAPTURE TITLE

Defeat Plimley and Ritchie 8 to 7 to Take Senior Roller Hockey Crown

Monarchs Defeat Rosebuds 7 to 5 to Tie Up Battle For Intermediate Title

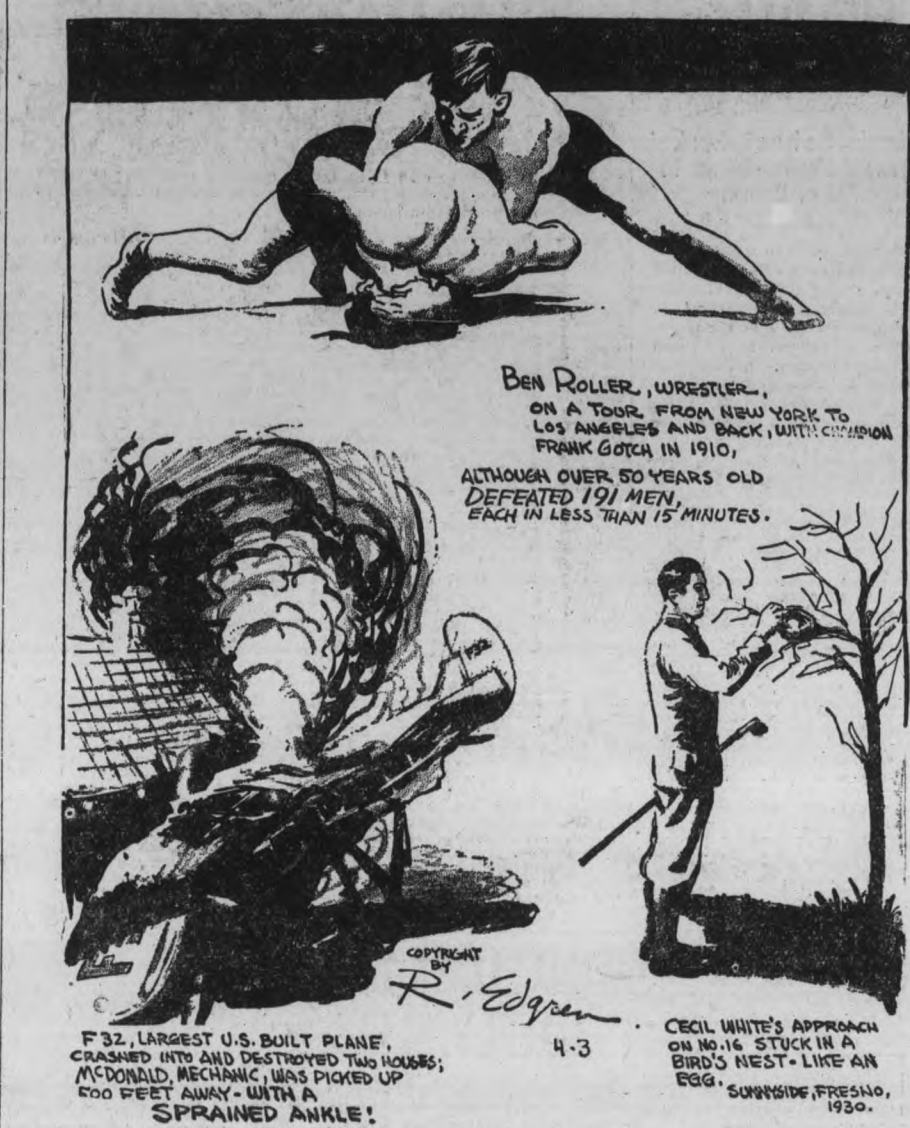

Favorites took it on the chin in the Victoria Roller Hockey League play-offs yesterday evening, when Plimley and Ritchie were pushed out of the picture by the Victoria City squad, which won the senior title in the final encounter by an 8 to 7 score. In the intermediate division Rosebuds, figured to walk off with the championship, were beaten 7 to 5 by the Monarchs in the last period, gave the City their title in the final encounter by an 8 to 7 score. In the intermediate division Rosebuds, figured to walk off with the championship, were beaten 7 to 5 by the Monarchs in the last period, gave the City their title in the final encounter by an 8 to 7 score.

Goals by Barnswell and Drysdale in the last period, gave the City their title in the final encounter by an 8 to 7 score. In the intermediate division Rosebuds, figured to walk off with the championship, were beaten 7 to 5 by the Monarchs in the last period, gave the City their title in the final encounter by an 8 to 7 score.

Knute Rockne Will Be Buried Sunday

South Bend, Ind., April 3.—Funeral services for Knute Rockne will be held Sunday afternoon, at 3 o'clock, in Sacred Heart Church on the Notre Dame campus. No mass will be said. A burial service only being planned. Arrangements were approved by Mrs. Rockne, who arrived from Florida yesterday evening.

Miracles of Sport

Veteran Winnipeg Printer Sets Record For Canadian Hockey

Winnipeg, Man., April 3.—King-maker in Canadian amateur hockey is a forty-three-year-old printer, Jack Hughes, who knows the game as well as he knows there is twelve points in a pica. The veteran coach, ex-player and ex-referee assumed the Warwick role yesterday evening when Winnipeg, his henchmen brought the Allan Cup to the Manitoba capital to stand beside the Memorial Cup, won a week ago by Winnipeg Elmwoods, another set of his proteges.

NEW REQUEST FOR PLAYING FIELD MADE

Association Renews Plea to Get Area in James Bay Cleared For Games

Asking the city to spend a portion of unemployment relief funds for clearing off the old McDonald estate in James Bay to be used as a playing field, a delegation of the Victoria Playing Fields Association appeared before the council yesterday afternoon.

Charles Banfield, president, was the chief speaker. He recalled that the association had previously been before the council and said, in view of the fact that further relief work was to be undertaken, some of it should be done to provide playing space. The association would fence the ground if the city would clear it, he said. He was certain, he added, that 50 per cent of the gates taken at the place could be returned to the city to repay for the work.

No other city in Canada has ever held junior and senior supremacy in the same year, and the twin-honor is directly ascribed to the brilliant guidance of a player and a coach, this time in senior hockey before retiring. Three years ago, Hughes coached Manitoba Varsity to the Allan Cup so he has won his second national senior title. His successes came after playing himself in five Allan Cup finals—only to be defeated in each.

Hughes broke into the senior game two decades back and lost with Kenora Thistles in a challenge test against Winnipeg Vics for the Allan trophy. His mates in that season were such celebrated hockeyists as "Smoky" Harris and the three McKenzie brothers. Six years he played for Winnipeg teams, missing a chance as an Allan Cup player when Winnipeg took the mug in 1913 while he was out of the game with injuries.

Two years passed before Hughes entered another final with Selkirk, who lost to Hamilton by a single goal. Joe Simpson, Harry Oliver, Mike Goodman and a bevy of other stars were the fishbones. With a new edition of Selkirk players in 1924, Hughes entered his fifth and last national final as a player—and lost again, this time to Soo Greyhounds by three goals.

Canadiens and Hawks Open Finals To-night

N.H.L. Teams Meet in First Game to Decide Stanley Cup Holders at Chicago

Second Game in Windy City on Sunday; Flying Frenchmen Defending Holders

Chicago, April 3.—The Chicago Black Hawks will open their first bid for possession of the historic Stanley Cup, emblematic of the world hockey championship to-night against Les Canadiens of Montreal, National League champions, and holders of the trophy. Championship play-offs are no novelty to the Flying Frenchmen who have won the National League title three times since 1924. Of the Black Hawks, Helge Bostrom, big defenseman, played with Edmonton in the cup finals in 1923 and with Vancouver in 1924. Ty Arbour also was with Edmonton in 1923, while Taffy Abel played with the New York Rangers when they won the world championship in 1929.

The first two matches of the five game series will be played in Chicago, the first to-night and the second Sunday night. Les Canadiens had the right to select the site for the opening games, but agreed to open in Chicago when it was learned the Black Hawks' lease on the Chicago Stadium expired Sunday night. Otherwise all five games would have been played at Montreal.

U.S. Tennis Stars Battle Way to Deciding Round in Mid-Pacific Tournament

Meet Japanese Team in Doubles Finals; Allison Is Favored to Beat Hall

Honolulu, April 3.—Wilmer Allison and J. Gilbert Hall, outstanding United States racket wielders, were opposed in the finals of the mid-Pacific invitation tennis tournament singles here to-day. The two United States stars will double up against the Japanese team of Osamu Akimoto and Tokaku Kuwabara in the doubles finals Saturday.

Allison was favored to capture the singles title while the dope favored the Australian team of D. P. Turnbull and Dave Thompson, 6-3, 5-7, 6-3, 2-6, 6-4.

Allison and Hall were extended to four sets in defeating the Hoogy brothers, Richard and Robert, in their bracket of the doubles semi-finals. The scores were 6-2, 6-1, 9-7.

Neither Allison nor Hall experienced any great difficulty in gaining the final round of the singles. Both swept through the tournament in almost straight sets. They met and defeated players from Japan and Australia in addition to local competition.

Two years ago, a portion of the rink was burned as the hockey season ended, and the Port Arthur team was forced to obtain entire new outfit to enter the Canadian championship playoffs, in which they were victors.

Flames spread rapidly through the wooden structure, and, within fifteen minutes after the fire was first observed, the walls had crashed to the ground, and only a few corner posts remained upright. Thousands of Lakehead citizens, leaving the radios on which they had been listening to the broadcast of the Allan Cup final in Winnipeg, gathered in the vicinity of the rink to watch its passing.

Winnipeg to Stage Dominion Wrestling And Boxing Tourney
Winnipeg, April 3.—Dominion boxing and wrestling championships will be held in Winnipeg on May 1 and 2. It was announced yesterday. The events are being held under the auspices of the Winnipeg City Police Athletic Association.

WRESTLING FANS LOOK FOR ACTION

Fast Bout Expected Here on Saturday Between Howard Cantonwine and B. Kruse

Will Be Flying Tackles Against Wristslocks; Ernie Arthur Meets Robin Reed

Wrestling fans are expecting plenty of action at the Tillium gymnasium on Saturday evening when Howard Cantonwine, Iowa heavyweight, and Bob Kruse, Portland, meet in the eight-round main event of the card being offered by the Tillium Athletic Club. In the five-round semi-windup Robin Reed, Portland, twice Olympic champion, has been matched with Ernie Arthur, Trail, holder of the Canadian middleweight title.

Cantonwine and Kruse were scheduled to meet here last Saturday night, but the match was called off owing to the fact that Cantonwine was unable to get here through an automobile accident. In this bout it will be a case of Kruse's wristslocks against Cantonwine's flying tackles. The Portlander, who is one of the best exponents in the ring to-day of wristslocks, had Cantonwine in a bad way in their last meeting in Portland, but the Iowan managed to win the match by knocking Kruse cold with head butts.

Kruse always trying
Kruse although not very popular with local fans, always puts up a good scrap, and gives the fans plenty of action for their money. He is always in there trying and has scored many victories here. This will be Cantonwine's first appearance in a local ring. The semi-windup should also be a good fast affair. Ernie Arthur has ably demonstrated his ability in recent weeks with victories over Des Anderson and Sailor Pete. Reed appeared here a couple of weeks ago, and scored a one-fall victory over Pete Axtman. Yesterday evening in Vancouver, Reed wrestled to a fast draw with Jack McLaughlin, classy Vancouver grappler.

The first bout on Saturday's card will get under way at 8:45 o'clock.
Oklahoma City, Okla., April 3.—Everett Marshall, La Junta, Col., grappler, made short work of Roland Kitchmeyer, Cushing, tossing the Oklahoma man twice within fifteen minutes.

Count Ernie Markovskiy and Charley Strack, Oklahoma City, drew.
Elmira, N.Y., April 3.—Nick Shikat, former heavyweight wrestling champion, scored a single fall over George Hills of Wisconsin in thirty-seven minutes, before 18,000 spectators.

George took the first fall with a flying head scissors in thirty-seven minutes, but Lutz squared the match with a back fall in twenty-four minutes. George won with a back fall and slam in fourteen minutes, during which he was near defeat several times.

Ottawa To Send Hockey Team On European Tour
Winnipeg, April 3.—Permission allowing Ottawa to send a team on a European tour next winter was granted at the annual meeting of the Canadian Amateur Hockey Association yesterday.

Cecil Duncan of Ottawa stated that his branch had been requested by hockey supporters in Berlin, Germany, to form a team for a tour of Europe.

McDUFFER OF THE MISSISSIPPA GOLF CLUB BY BARRIE PAYNE

"When Ike Smith inquired, 'How long does it take to learn this game, as a rule?' Pro Sandy replied, 'When the average man takes up golf he usually plays very badly for the first three or four years. After that he gets gradually worse.'"
(Copyright 1931, Publishers Syndicate)

Victoria "Reps" In Fine Condition For Game Monday

Expect to Surprise Vancouver Squad In Big Charity Match

New Plays in Backfield Counted On To Best Mainlanders; Capitals Figured Superior in Scrum and Equal on the Defence; Band Selections, Gymnastic Display and Other Features to Make Match at Royal Athletic Park Gala Affair; Special Sportsmen's Dinner in Evening.

Confident that the forwards will be able to hold their own and hoping that the backs, with two or three plays they have just learned, will be able to match their opponents on the attack as well as the defence, Bob Travis, coach of the Victoria "rep" team, expects his proteges to give the Vancouver all-stars a surprise in the big Kiwanis charity rugby game at the Royal Athletic Park on Monday afternoon. All members of the team were reported to be in perfect condition following their final workout at the Armories yesterday evening and should be able to keep pace with the speedy mainlanders from start to finish. G. C. Grant will referee the fixture.

ALBIE DAVIES COPS VERDICT

Awarded Decision Over Jimmy Anderson in Tacoma Bout; Jumbo Earns Draw

Tacoma, April 3.—Harry Ketchel, heavy punching Tacoma 123-pounder, blasted out a decision over Joe Calder, Seattle Filipino, in the six-round main event of the ring programme here yesterday evening.

Ketchel bent the Filipino double with left hooks to the body in the opening round, felled him for no count with a driving right to the chin in the second and had the better of the punching duels that marked the other rounds.

Calder several times opened up in an effort to take the play away from the Tacoma, but almost every time Ketchel brought him up with one of his heavy punches.

Ray Archer, Tacoma, 130-pounder, and Jumbo Davies, Victoria, drew in the six-round semi-final.

Albie Davies, Victoria lightweight, won a decision over Jimmy Anderson, Astoria, in four rounds.

Ted Gesch, Tacoma welter, and Kermit Thompson, Seattle, drew in four rounds.

Chicago Boxing Fans Pay Tribute To Krute Rockne

Chicago, April 3.—A tribute was paid to Krute Rockne at the Chicago Stadium yesterday evening.

At the conclusion of the eighth bout between amateur boxers from New York and Chicago, the lights were turned out, with the exception of the flood lights in the organ loft. The great crowd of 24,000 stood silent.

Ralph Emerson, the organist, played the "Notre Dame Victory March" in slow tempo. A sextette from Notre Dame sang the chorus.

At the conclusion of the song, the sextette yelled slowly, "Yes, Rockne." The lights flashed on. The crowd was silent for an instant longer. Then the bouts were resumed.

TROUT Are Rising To the fly at Prospect and Kemp Lakes. See our new equipment. Moderate prices.

A Heavyweight Invasion of Canada

—By Jimmy Thompson

Good news at last, strange as it seems, but finally the Shamrock Club of Toronto has decided to give Mr. Phan a break, and when I say a break I don't mean a rest, but a break in the news. Last week sporting pages carried the news that Playfair Brown, the Tex Ristard of Canada, would again step into the spotlight by matching Tom Heene and Johnny Risko to meet at the Arena Gardens, Toronto, on April 6. There is little doubt that his fight will rouse a great deal of interest in Toronto and other sporting centres as well as in the States. Only five weeks ago Heene was the headline at Madison Square Gardens, New York, while Risko has so recently stepped out of the open air bout with Mickey Walker that he might find the weather a bit chilly in Canada yet. However, don't grieve over the idea that this bout is a bout of champions for both men have seen better days in their career but they will give the buyers of the pastebored a fight which is more than a lot of championship simulations have offered recently. In speaking about the past performances of these men, Tom Heene has a decision over Risko, Jack Delaney, and draws with Uzcudum and Sharkey and was the last man to have fought with Gentleman

Gene Tunney. While Johnny Risko started off on the right foot in 1924 and developed into a Madison Square Garden headline meeting and holding decisions over Jack Sharkey, Jack Delaney, George Godfrey, Ernie Schaf, Paulino Uzcudum, Vittorio Campolo, Turf Griffith and Jim Maloney. With records of this nature both men will draw great interest throughout the country. In speaking about future plans for the square-ring game in Canada, here is the low-down on future plans of Mr. Playfair Brown. It has been discovered that both of these men have agreed that whoever wins this bout will meet the Canadian heavyweight champion, Larry Gains, who has been on the continent for some time cleaning house with the heaves over there and now that he has done all the damage that can be done, he has returned home with the object in view all that in the near future at the Maple Leaf Stadium he will meet the winner of the bout on April 16. This would make him a logical contender in the fiasco for the heavyweight crown that they can't find a head for at the present time.

TERRIFIC SPEED IS KEY-NOTE IN SECOND WIN OVER HAMILTON

(Continued From Page 8)

a rush. Play became ragged after Hamilton's speedy work and centred in mid-air.

The position marked the most determined tiger assault on the Peg net during the series. Shots which had gone wide on the first period were dead on the goal, and sailles down-ice were more frequent than Winnipeg's attacks. Cockburn made sixteen saves during the twenty minutes—four more than the opposing goalie.

Winnipeg went two up in the second minute of the second period on a pass play inside the defence. Rivers, through the rearguard, accepted a slip-over from Simpson, who had been blocked. Rivers surged in, drew out March and lifted the puck into the net.

Kane, McGowan and Hayhoe bore down on the Peg net and kept the Manitobans bottled back of the net until Simpson broke away. Cockburn knocked out a left-wing drive from Kane. Marsh saved from Lindquist and Rivers on shots from the boards.

THIRD PERIOD
Hamilton sent four men on the attack as the third period opened, and play opened wide. Sutherland was in on top of March, but the Tiger goalie slid out to save. "Beer" McKay plunged down-ice, stick-handled through the defence, but missed the net by a foot.

Simpson rounded the Tiger defence and passed across the goal mouth, but Rivers missed the pass. But Rivers redeemed himself in the fourth minute of the period, putting Winnipeg ahead 3-0.

Lindquist rebounded curled back of the net and Rivers was in like a flash on the loose puck. While Tiger players converged on him, Rivers coolly pulled the puck toward the goal mouth, missed it, then reached again and pushed it into the net as a mass of yellow-and-black bore down on him.

Big "Beer" McKay was taken off the Tiger defence, and Hayhoe, forward, substituted. Rivers was dumped as he accepted a perfect pass from Simpson from Lindquist on a pretty rush. Wise on an open shot on March, but it was dead at the goalie's pads. McKay came back on defence, the experiment apparently unsuccessful. McKay looked on alone at the play in the far end, as McGowan, Hayhoe, Farrell and Kane penned the Pegs back of their blue line. Cockburn saved twice on battered drives by Kane.

Marsh kicked out a drive from Sutherland and saved from Simpson, who was through. Lindquist tested the Tiger goalie from the wing and Pegs appeared fresher as the game neared its close.

Farrell came back for the windup, and the "dynamite" relief line of the Pegs was on the job again. Three Hamilton forwards broke away, the first front line breakaway of the night, but McGowan's shot was weak.

With two minutes to go every Tiger but the goalie was up past centre in a dying bid, but their shots were smothered on their sticks. Litzzen pushed in a roll on a pass from Kane back of the net in the last minute.

Line-ups
Hamilton—Marsh, Darrell, McKay.

LOTT WINS IN BITTER MATCH

(Continued From Page 8)

U.S. Davis Cup Star Carried to Five Sets, 3-6 1-6, 6-4, 7-5, 8-6 By E. Vines

New Orleans, April 3.—George Lott, Philadelphia, eliminated Ellsworth Vines, Pasadena, Cal., and John Van Ryn, Philadelphia, and Clifford Sutter, New Orleans, fought to a two-all standstill and their match was ended by darkness, in the semi-finals of the New Orleans Country Club Invitation tennis tournament yesterday.

Lott, Davis Cup player, probably won the hardest victory of his life in downing Vines, 3-6, 1-6, 6-4, 7-5, 8-6. In the other match, Sutter took the first set, 6-2, but Van Ryn came back and took the second by the same score. Sutter then took the third, 6-4, and Van Ryn engaged the fourth, 6-3, as twilight settled. Play will resume Saturday.

John Barr and James Quick, both of Dallas, Texas, defeated Charles Hume and Ed. Sutter of New Orleans, 4-6, 6-3, 6-1. This doubles match was interrupted by darkness Wednesday and the final set was played yesterday.

Semi-finals in doubles are being played to-day with Lott and Van Ryn opposing Barr and Quick, while Vines and Sutter will meet Dan Wilton and Maurice Bayon, both of New Orleans.

Chattanooga, Tenn., April 3.—Jackie Mitchell, seventeen-year-old girl, recently signed as pitcher in professional baseball, fanned Babe Ruth and Lou Gehrig in a spring training exhibition game here yesterday between Chattanooga Southern League and the New York Yankees American League.

Entering the game after the Yankees had scored one run, she retired the two mighty hitters with six pitched balls. She followed by walking Tony Lazzeri and was then taken from the box. Miss Mitchell was reported to have a lame arm before going into the box.

McGowan, Louch, Hayhoe. Subs: Kane, Schwab, Litzzen.

Winnipeg—Cockburn, Sutherland, Hinkel, Simpson, Rivers, Lindquist. Subs: Garbutt, Wise, Crowley.

Officials—Alex. Irvin, Winnipeg, and Harry Watson, Toronto.

Summary
First period—1, Winnipeg, Lindquist, 53. Penalties: Hinkel, Farrell, Sutherland.

Second period—2, Winnipeg, Rivers (Simpson), 1.25. Penalties: Hinkel.

Third period—3, Winnipeg, Rivers (Lindquist), 3.47. 4, Hamilton, Litzzen (Kane), 19.25. Penalties: None.

MALCEWICZ IS WINNER AFTER ROUGH BATTLE

Two Falls in Seventh and Eighth Rounds Give Him Mat Bout With Pinto

Stan Burch Defeats Harry Demetral; Reed and McLaughlin Draw in Good Bout

Canadian Press

Vancouver, April 3.—After losing the first fall in the fifth round, Joe Malcewicz, New York, took falls in the seventh and eighth rounds to defeat Stanley Pinto, also of New York, in a best-two-out-of-three-falls wrestling match here yesterday evening.

From the opening bell the men started out with a vengeance and uppercuts, body blows, and elbows, were used with abandon. Both wrestlers absorbed severe punishment during the match from the rough methods used by each in an effort to subdue his opponent.

Using a series of punishing headlocks and rabbit punches in the early rounds, Pinto had his opponent out of condition by the fifth round and secured the first fall.

Going into the seventh Malcewicz found himself in a dangerous situation to account and evened matters up when he secured a fall with a double elbow and body press twenty-nine seconds after the round opened. Coming back in the eighth and final round he repeated his tactics and took the third and deciding fall of the match. Malcewicz weighed 190 and Pinto 206.

BURCH A WINNER
In the semi-final Stan Burch, husky Nebraska grappler, proved too much for the rough and ready Harry Demetral of Chicago in a four-rounder.

Burch took the only fall of the bout in the third round with a reverse headlock.

Jack McLaughlin, Vancouver, undefeated as yet, and Robin Reed, former Olympic champion, middleweights, drew a big hand from the fans when they wrestled to a fast draw in the preliminary. Neither secured a fall.

Many Champion Dogs Killed In Disastrous Fire

Shrewsbury, Mass., April 3.—Between four and fifty dogs among them national and international bench show champions, were lost when fire destroyed the Welwe Kennels on the estate of Dr. and Mrs. Homer Gage here early yesterday.

Only three dogs escaped the flames. They were in the home of the kennel master, Joseph Booth.

Brandy Snaps, valued at \$4,000, world champion recently imported from England, was one of the three. Another was Ace Encon, holder of the record for winning the largest number of prizes.

The building was about 200 feet long and one story high. One end housed the kennel office.

The wire-haired terriers, for which the kennels were known throughout the world, were of great value and many of them were prize-winners in dog shows throughout the country. The value of the medals and ribbons lost in the flames were, upwards of \$5,000.

The teams were as follows: Winnipeg Toller—Shea, Phillips 12, Wilson 2, Dods 5, Woolley 14, Silver 8, Thorogood 1, Brown 4, total, 46.

Port William—Steadwell, Muri 2, Wheatley, Hopper, Duncan, Houston 4, Hasell, Hindle 2; total, 8.

Favorites Advance To Semi-finals In Women's Golf Play

Pinehurst, N.C., April 3.—Mrs. O. S. Hill of Kansas City, and Jane Brooks of New York, yesterday stood between the twin favorites, Maureen Orcutt of Englewood, N.J., and Virginia Van Wie, of Chicago, and a final round battle on Saturday for the North and South Women's Golf Tournament championship.

These four yesterday stroked their way through quarter-final engagements. To-day, Miss Orcutt faces Mrs. Hill, while Miss Van Wie encounters Miss Brooks.

Of the quartette, only Miss Orcutt won easily yesterday, as she downed Marian Bennett, New Britain, Conn., 5 and 4.

Miss Brooks beat Miss Wattles, 1 up; Mrs. Hill won over Mrs. Sara F. Wadsworth, Pittsburgh, Pa., 3 and 1, and Miss Van Wie eliminated Helen Waring of Pinehurst, 5 and 3.

Winnipeg Toller Advance Easily In Canadian Play-offs

Winnipeg, April 3.—Sharpsighting Winnipeg Toller ousted Port William Grappling, Thunders Bay champion, from the Canadian basketball title race yesterday evening, sweeping to a 46 to 8 victory in the second of the two-game series. Toller won Wednesday night, 23 to 10, and took the series by a 78 to 18 total.

In the second round of the western playdowns, Toller met Regina Capitals at Regina, next Monday and Tuesday.

The teams were as follows: Winnipeg Toller—Shea, Phillips 12, Wilson 2, Dods 5, Woolley 14, Silver 8, Thorogood 1, Brown 4, total, 46.

Port William—Steadwell, Muri 2, Wheatley, Hopper, Duncan, Houston 4, Hasell, Hindle 2; total, 8.

Mrs. Alan Dennison and her son, Spencer, have arrived home after spending several months visiting relatives in New Zealand.

Mrs. T. M. Robb and her baby son have arrived home from the St. Joseph's Hospital, Victoria.

Miss Margaret Ferguson of Victoria was the guest of Mrs. W. Rivers for the week-end.

Mr. and Mrs. J. Rogers and son, Jackie, of Victoria, were visitors at the week-end to their sister, Mrs. A. Inglis.

Mrs. M. Robb of Vancouver is the guest of her son and daughter-in-law Mr. and Mrs. T. M. Robb.

Miss Francis Gibbs of Victoria is the guest of Miss Dorothy McNaughton.

Mr. and Mrs. D. A. McNaughton entertained on Saturday evening on the occasion of their daughter Dorothy's birthday. Bridge was followed by dancing and singing. Those present were Mr. and Mrs. M. J. Watson, Mr. and Mrs. J. Doran, Misses Francis Gibbs, Victoria; Dorothy McNaughton, Van. Thompson, Barbara Ford and Margaret Ferguson, Victoria; Messrs. George Aldous, Charles Martin, Frank Aldous and Ray Rivers. Bridge prizes were won by Mrs. M. J. Watson and Ray Rivers, consolation, Mrs. J. Doran and George Aldous.

Miss Barbara Pierce is visiting friends in Vancouver.

Run-down, Weak Nervous?

To have plenty of firm flesh and the ability to do a big day's work and feel "like a two-year-old" at night, you must eat three good meals a day, relish your food and properly digest it. If you can't eat, can't sleep, can't work, just give Tanlac the chance to do for you what it has done for millions.

Mrs. Arthur Calouette, 5307 Cham-bord Street, Montreal, writes: "Stomach trouble made me so weak and miserable that life was almost unbearable. TANLAC has not only relieved indigestion, weakness, nervousness—it has increased my weight twelve pounds and given me the best of health. I cannot praise TANLAC enough."

Tanlac is wonderful for indigestion and constipation—gas, pains, nausea, dizziness and headaches. It brings back lost appetite, helps you digest your food, and gain strength and weight. It contains no mineral drugs. It is made of roots, barks and herbs, nature's own medicines for the sick. The cost is less than 2 cents a dose. Get a bottle from your druggist. Your money back if it doesn't help. (Advt.)

LAWNMOWERS CUT DEEPLY

Council Gets Into Heated Argument Over Purchase of Grass Cutters

Personalities were introduced into a heated discussion in the City Council Chamber yesterday afternoon and innuendoes flew backward and forward across the floor. The source of all the trouble was twenty lawnmowers which the city is purchasing for work on boulevards and parks.

Some time ago the parks committee recommended the purchase of a United States type of lawnmower and the report was referred back to have tenders called which would include Canadian manufactured machines. The tenders were reopened and Canadian products tendered upon but the committee again recommended the purchase of the United States type, not only on the basis of cost but for general suitability for the work.

OPPOSE AWARD
Aldermen Robert Smith and R. T. Williams immediately opposed the award of the tender for United States lawnmowers and Alderman J. L. Mara suggested the parks committee was trying to block the purchase of Canadian machines. There had not been enough Canadian lawnmowers tried out, he said.

Alderman Alex Peden resented this remark and said the committee played no favorites. It was a case of procuring the most economical machine as far as the city was concerned. Business men were in the habit of buying Canadian goods as far as it paid them to do so but no further, he claimed. This was a similar case.

MAKE IT DEFINITE
"It is all right to call open tenders for the machines but if you are going to be prejudiced in favor of the Canadian make, why not say so and call tenders for Canadian machines only?" he asked.

"This is an old argument which has been raised every spring since I've been on the council," said Alderman R. O. Litchfield. "It seems funny to me that Canadian manufacturers after seeing themselves beaten every year on the bids should not try and remedy the matter."

Alderman Mara thought the city could pay a few dollars more and buy Canadian-made goods.

Alderman Williams said Alderman Peden worked for a company which took money out of the country and was now trying to send more out.

CHARGES INSINCERITY
Jumping up to defend himself, Alderman Peden denied that his company took its money out of the country and then charged Alderman Williams with absolute insincerity in his stand.

"Alderman Williams would like us to pay more for our goods and yet shout at us to reduce taxes," he declared.

"I resent these personal challenges across the council chamber. It delays business and should not be allowed," Alderman W. T. Straith said. "We have the report of an expert that the United States machine is the best and most economical type for our purpose and we should accept it."

Alderman Williams moved for reconsideration of the clause but it was not seconded and on the vote, the recommendation of the committee was adopted with Aldermen Smith, Mara and Williams dissenting.

A similar point was raised in connection with the purchase of gas masks for the fire department, but it was explained the goods could not be obtained in Canada.

A Sorry Lot

Judge—When you married him you promised to share his lot, didn't you? Wife—Yes, but I didn't know then it was just a lot of trouble.

Telephone Directory Closing

TWO WRITERS LOSE LIVES IN AUTO CRASH

H. Kephart and F. Tarleton Victims of Accident in North Carolina

Byron City, N.C., April 3.—Horse Kephart and Fawcote Tarleton, both well known novelists, were killed in an automobile accident near here yesterday evening.

Kephart, a resident of this place, and Tarleton, who lived in Decatur, Ga., his guest, were riding in a hired car, which left the highway and turned over at Elm, a small place five miles from here.

The driver of the car, R. B. Brown, was taken to a Sylva, N.C., hospital in an unconscious condition.

Tarleton was author of "Bloody

SUMMER CAMP SITE CHOSEN

Religious Education Council Arranges For Land Near Sooke

Announcement was made Tuesday evening by the officers of the Religious Education Council of Greater Victoria that arrangements have been made to organize and conduct a summer camp for boys and girls of the city and district. The site which has been chosen by the committee is in close proximity to Sooke and is con-

sidered very favorably by leaders of the various youth organizations.

A special promotion committee, representatives of the various denominations, was chosen by the council. The convenor is Vivian Shoemaker, boys' work secretary of the Y.M.C.A., who will be assisted by Miss Gene McLeod, general secretary of the Y.W.C.A., John Simpson, St. Andrew's Presbyterian Church; Cecil Chetfield, City Temple; Percy Miles, Emmanuel Baptist, and Mrs. Thomas Hammond, City Temple.

The appointment of leaders and the direction of the boys' programme will be in charge of the Y.M.C.A. secretaries, while the Girls' Leaders' Council will give oversight to the camp arrangement for girls. The dates set for the boys' camp are July 2 to 16, and the girls will gather for a ten-days' camp on July 17. Further details regarding registration will be released by Mrs. Hugh Nixon and W. C. Thomson, chairman respectively, of the Girls' and Boys' Work Board.

The Religious Education Council welcomed into its membership Miss Ruth Hanson and Cecil Chetfield of the City Temple, and Harold Parfitt of Emmanuel Baptist Church. Rev. Bruce Gray, presided, and Mrs. M. C. Wilkinson acted as secretary.

CLASSIFIED ADVERTISING RATES

In computing the number of words in an advertisement, estimate groups of three or less letters as one word. Dollar marks and all abbreviations count as one word.

In estimating the number of lines in an advertisement, count five words for the first two lines and seven words for each line thereafter. This is not an absolute guide to the number of lines, much depending on the length of the individual words.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one issue. Any claim for rebate on account of error or omission must be made within thirty days from the date of the same, otherwise the claim will not be allowed.

Advertisers who desire to have replies addressed to a box at the Times Office and forwarded to their private address, a charge of 10c is made for this service.

Subscribers wishing their addresses changed should notify this office, as well as the carrier, if your Times is missing, phone E4175 before 9 p.m. and a copy will be sent by special messenger.

INDEX TO CLASSIFIED ADS

The eight major groups of Classification appear in the following order:

1. Employment classifications, 1 to 18
2. For Sale—Wanted classifications, 19 to 24
3. Automotive classifications, 25 to 32
4. Real Estate classifications, 33 to 46
5. Business Opportunities classifications, 47 to 54
6. Financial classifications, 55 to 57

BOY REPLIES AVAILABLE

Letters addressed to the following boxes are available at The Times Office for presentation of box tickets. Maximum results are obtained by advertisers who follow up replies promptly.

Uncle Ray's Corner

Eleven times during the past 225
years, Taal Volcano has broken loose.
Taal Volcano is located in the midst
of a lake on one of the islands of the
Philippine group, and is thirty miles
south of Manila.

We have the
good fortune to
possess a first-
hand record of an
eruption which
took place more
than two centuries
ago. Manuel de
Cerro wrote:

"On September
24, 1716, at about
3 p.m., loud noises
were heard. Soon it
was plain that the
volcano in Lake
Bombon had burst
on the side facing
the town of Lipa.
Smoke and ashes
were shot into the
air. Mighty waves
were set up, and

lashed the shores.
"Fish, large and small, were killed;
and the waves tossed them to the
beach. They looked as though they
had been cooked, for lake water had
been heated to the boiling point."

Near the end of January, 1911, two
Americans were studying the Taal
crater. One of them was Charles Mar-
tin, a photographer.

The volcano was smoking heavily,
and shocks were felt in the region.
In an effort to obtain pictures, Martin
went close to the island formed by
the crater and climbed to the rim.

With him was the other American, and
several pictures were taken. Then the
adventures rowed ashore.

Hardly had they reached the village
in which they were staying when a
mighty blast took place. Hundreds of
tons of mud were flung into the air,
and a black cloud of dangerous gas
rolled down the side of the crater
island.

In telling about the effects of the
blast, Mr. Martin said:
"Trees which had been growing
around the crater were broken down,

leaving stumps which were cut in
shreds by falling sand and pebbles.
The crater island sank eight or ten
feet."

The sound of the explosion was
heard at a distance of 310 miles. There
was no flow of lava, but mud and
ashes were thrown over an area of 140
square miles, and brought about a
heavy loss of life, more than 1,200 per-
sons being killed. Both of the Ameri-
cans escaped.

To-morrow—Easter Greetings!

Trader's Word
Is His Bond

Regardless of criticism sometimes
levelled at their relationship with the
general public, the workings of a stock
exchange is based upon brokers' trans-
parent honesty in their trading with
each other. The most of serious motto
of the London Stock Jobber "Dicum
Meum Pactum" (My Word Is My
Bond), might apply equally to all
stock traders.

A floorman will announce his pur-

chase of a block of stock involving a
huge sum of money by the most casual
sign, and a few minutes later may see
the stock selling at a figure that means
a loss of thousands of dollars, but
he is not backing out of the transaction
is one that could scarcely occur to
him if he wished to continue as a
floorman on the exchange. This is
equally the case when it is his own
personal trade.

Sir Stephen Killik of London, re-
cently said a few kind words for the
stock trader. "While I do not like
speculation and detest gambling,
I want to say a few words in favor of
the speculator as performing a use-
ful function in the business life of
the community."

Basketball games will be played in
the Agricultural Hall, Saanichton, on
Friday evening between Sooke inter-
mediates and Keating senior C, Sooke
seniors and Keating senior B, and
Keating girls and a Victoria team. The
line-ups will be: Keating senior C -
S. Smith, L. Syvan, G. Mitchell, C.
Cunningham, R. Kersey, J. Atkinson
and E. Bate. Sooke intermediates -
H. Gray, L. Muir, M. Mitchell, H.
Welsh and A. Richardson. Keating
senior B - P. Turgoose, R. Mitchell, B.
Marchant, R. Emmert, A. Syvan, B.
Lawson and M. Atkinson. Sooke seniors
- R. Pontious, A. Davidson, Blakeney,
W. Shields and H. Pontious. Keating
girls - K. Ayres, A. Syvan, V. Handy
and A. Young. A. Chestworth and J. Ander-
son.

The South Saanich Young People's
Club will present their annual play,
"The Little Cuckoo," in the Tem-
perance Hall, on Wednesday evening,
April 15.

Keating basketball men's teams
visited Sooke on Saturday evening and
won both games, the scores being:
Sooke Int. 16, Keating Senior C 40,
Sooke Seniors 38, Keating Seniors 42.

Barry Dean, who has been visiting his
parents, Mr. and Mrs. Dean, East
Saanich Road, returned to Lillooet on
Sunday.

EASTER "DUDS"!

Celebration Of Health Day At Happy Valley

The fifth annual health day, under the auspices of the Esquimalt rural nursing service, will take place Wed-
nesday, May 6, at the Esquimalt and
Happy Valley School area. All schools
in the nursing area will be eligible
for the competitions and field sports.

In the poster competition the Dol-
lums trophy will be awarded to the
school securing the highest aggregate
marks. It was won by Langford
last year.

A prize will be given for the best
slogan health truth told in sixteen
words. In this contest children may
receive suggestions from parents and
friends, but the slogan must be written
in school.

"What Will Milk Do For Me" will be
the subject in the essay competition.
L. G. Matthews, principal of Happy
Valley School, will act as chairman of
the sports committee.

There are three cups for competition
in the sports, the R. I. Vander Byl Cup
for boys, held for the last year by the
Colwood School; Mrs. Herbert Penderay
Cup for girls, held for the last year by
Happy Valley School; Provincial Board
of Health Cup, presented first two
years ago and won each year by the
Duncan team in the relay race.

The evening programme will demon-
strate the value of exercises. Misses
Pencey and Guy of Langford School
will be in charge of the exercises.

Miss H. G. Kelly, R.N., is attending
the Easter refresher course for public
health nurses in Vancouver. Calls
during her absence will be answered at
Belmont 20

C. B. PETERSON,
Commissioner of Income Tax

UNSIGHT- UNSEEN

YOU would consider it an affront to your intelligence if some one were to try to sell you a horse, "unsight-unseen." You would laugh such a proposition to scorn.

Yet every day you are asked to buy merchandise on identically the same terms—canned goods with unknown labels—cosmetics of uncertain quality—a radio by an unknown manufacturer—shoes, clothing and housefurnishings about whose merit you know nothing.

And you are asked to buy this "unsight-unseen" type of merchandise in place of the nationally advertised brands that you *know* are dependable!

Advertised brands have been approved by the most critical of investigators—the buying public. You know exactly what you will get when you buy advertised goods, not some unproved substitute but the specified article—as represented. You know that the maker of advertised brands has confidence in them, else he would not invest money calling your attention to them day after day, month after month. In buying advertised brands, you get your money's worth. Buying "unsight-unseen" is liable to prove dear at any price.

Advertisers recognize that the most effective means of keeping the Canadian public informed of the merits of advertised brands is the daily newspaper, because practically every Canadian family reads a daily newspaper every day.

This advertisement is sponsored by the Canadian Daily Newspaper Association

Is Age the Enemy of Women?

THE ONE thing that women fear and dread more than anything else in the world is age. They universally consider that time is their deadliest enemy. But in this they are mistaken. Time is often a friend than a foe to women. Indeed, it is nearly always a friend if they have the wisdom and grace to accept the gifts it brings them. In fact, it is only when women refuse to admit age and fight tooth and nail against it that time takes its revenge by destroying their attractiveness.

The reason that women hate time so bitterly is because they believe that it robs them of all their good looks, but, in reality, time bestows beauty quite as often as it takes it away. The other day I met a woman whom I had not seen in twenty years. My remembrance of her was of a long, lanky gawky girl, with nondescript hair and eyes, whose clothes looked as if they had been pitchforked at her, hit or miss, and mostly missed.

I recalled her as dull and stupid and one of those girls who titter and giggle incessantly until they get upon the nerves of everyone who is thrown with them, one of those hopelessly homely and unattractive girls who have no attraction for men and never have a date, and who form the pathetic background for all the parties and good times that the pretty girls are having.

But when I met this ugly duckling after twenty years she was a transformed creature. She who had been plain as a girl was handsome as a middle-aged woman. She who had been awkward had acquired poise and dignity. She who had been sloppily dressed had learned how to dress. She who had been a tedious companion had studied and read and traveled until she had acquired a fascinating line. She who had been a blunderer had become tactful and suave.

A miracle. No less. Yet it is one that time often performs, and it explains why so often a girl who was a wallflower in her early youth, and who seemed predestined to be an old maid, makes a big match in her thirties. Time has molded her, refined her, polished her until it has made over into something desirable to men.

Women always envy young girls. They need not. In reality a young girl is a poor, defenceless little creature with only one shot in her locker. Good looks. And if Nature fails to bestow upon her a peaches-and-cream complexion, a willowy figure and naturally permanently waved hair, she is lost. Sunk. She has nothing with which to cover up her defects. No artifices with which she can camouflage her lack of attractions.

Not so the middle-aged woman. Her wealth is not all in one coin. She has a pocketful of small change. She has a thousand resources at her command, and if she loses on one play she can double her stake and win out on another.

Above all she has acquired the skill in playing the game that only experience can give. For to know how to live you must have lived. You must have learned to know other people and how to adjust yourself to them. You must have learned how to be adaptable to circumstances. You must have learned how to give and take. You must have learned not to be overly puffed up by success or too cast down by defeat.

No young girl can know these things, but they are the consolation prize that time brings in its hands to a woman, and it is what gives the middle-aged woman her serenity, her tolerance, her philosophic viewpoint, and makes her a companion of whom you never weary, whereas you tire of a debutante as soon as you have had a good look at her pretty face.

Then by the time a woman is middle-aged she can have made herself so interesting that her looks do not really matter. It is only after a woman has been through the vital experiences of life, the women who have known love and marriage and birth and death and struggle and strain, the women who have laughed and cried and thought and tried to solve the meaning of things, who have anything to say that is worth listening to.

Intelligence may not be a substitute for youth and beauty at first glance, but it beats them out for the long pull. As a matter of fact, we never think of a woman's age or looks so long as she keeps us entertained and amused, and when you hear it said that a man has forsaken his wife because she is old, it is generally a misstatement. What he has really left her for is because she is dull and stupid and bored him to death. Scheherazade might have been a hag or a houri. It would have been all one to her husband as long as she was a spellbinder who kept him hanging on her words.

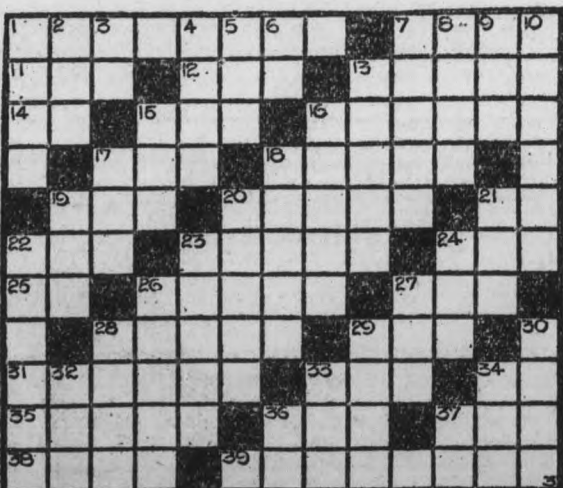

And chief of all the good things that time brings a woman is subtlety. Understanding. Sympathy. Knowledge of how to smooth people's fur the right way. No young person has that. It is the treasure-trove of years of living.

And when a woman has that, when she has learned to turn the spotlight on other people; when she has learned to listen with unwearying patience while others monologue about themselves; when she has acquired the instinct of what to say and how to say it; when she has attained the skill of the tight-rope walker in stepping around other people's prejudices without stumbling her toes against them, when time and experience have given her a charm far above any that youth possesses.

Oh, time is women's friend, not their enemy. For a young girl not to be attractive is her hard luck. For a woman of forty not to be attractive is her stupidity.

UNIVERSITY OF B.C. ENJOYS ENVIABLE POSITION

Students In Open Competitions Win Fine Scholarships

Criticism of British Columbia's Higher Education Answered From the Angle of Results; Scholastic Standing Has Drawn Greatest Praise; Agricultural Faculty Has Proud Record.

By WILLIAM MURPHY

Many taxpayers in this province must be rather doubtful as to the necessity of spending \$500,000 or \$600,000 a year on the University of British Columbia, an institution which seems peculiarly vulnerable to attack and, it would appear, has little defence forthcoming when attacked. Scarcely a line has been written for the purpose of presenting the case of the university to the public. It is obvious that members of the faculty are hardly in a position to take up the cudgels in their own defence. They are, after all, servants of the people of British Columbia, and the attacking force, it would seem, has the support, if not the leadership, of the people's representatives.

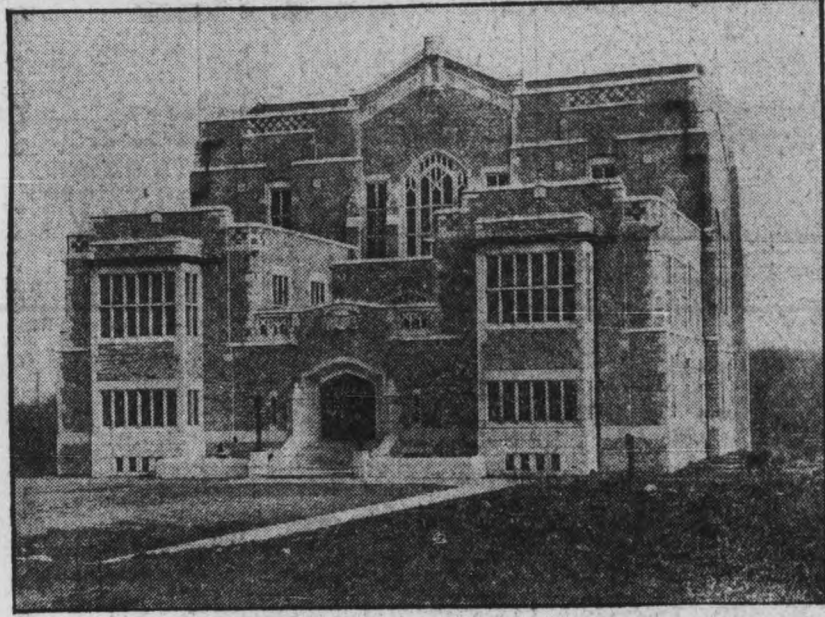

Many alumni would doubtless be only too pleased to put the true facts of the matter on paper, but the bugbear of politics deters them. Taxpayers, however, are entitled to know how their money is spent and just what results are being attained by the expenditure.

When it is charged that the university is striving after size at the expense of scholarship, and that its students are not capable of standing comparison with students of other colleges, it is high time that most serious consideration be given to the true situation. No more serious charge could be levelled at a university, and it is the purpose of this article to show that no more unfounded charge could be levelled at our university. It is noteworthy that not one of the above allegations, for the simple and obvious reason that such evidence is not forthcoming. It is impossible for any writer in the brief space that can be allotted him in a newspaper to give in detail the academic activities of an institution which contains around 2,000 students, but the following facts, it is hoped, will in some measure show the absurdity of the charge recited above.

THE SCHOLARSHIP RECORD
Let us glance at the record of scholarships won by our students in competition with colleges from all over the United States and Canada, excluding entirely scholarships open only to our own students. These records are only complete to and including the year 1929. We find in that year a total of

\$59,619 was won by our university, the total enrolment for the year being 1,730—almost \$35 for every student enrolled. In thirteen years, no less than \$397,028 has been won by students at the university in competition with the students of colleges from all over the American continent, and this in spite of the fact that before the present year enrolment has never exceeded the 1,900 mark. It would be a difficult task indeed to find any other university on the American continent as young as the University of British Columbia and with a record even approaching this. In one year, out of ten research fellowships offered to university students throughout Canada, British Columbia took five. In another year, out of ten they took seven. Such facts hardly substantiate a charge of lack of scholarship. What of the ten teaching fellowships in economics offered by the University of California to be awarded by recommendation only? This offer was open to students in every college in the United States and Canada. Our university recommended three. Every one was taken. Eight other students in economics went down to the University of California to complete their graduate studies. Every one, without exception, was requested to join the staff of the University of California and to teach while pursuing their studies.

AGRICULTURAL RESEARCH
It is generally known that of all the universities in the British Empire, the University of British Columbia was chosen by the Empire Marketing Board, a body sponsored by the British Government, to carry out certain lines of research with regard to the export and marketing of cheese. A prosaic subject possibly, but it means \$35,000,000 a year to New Zealand alone. Fifty per cent of the cost of this work is donated by the marketing board and the balance by the university. Strangely enough, this great honor was conferred

The handsome structure housing the library.

on our much-maligned Faculty of Agriculture—the faculty with “nineteen professors and fifty-four students.” Is it worth while to spend a little extra money to aid the farmers of the empire? There are those in high places in this province who think not. Work such as this might possibly explain why farmers send more students to the university than any other calling in the Province, aside from merchants. A home for rich men's sons and daughters? Well, the farmers would hardly agree. And what is the result of allowing our university to pursue these researches? The Government of New Zealand requested that the same honor be accorded to one of its universities. The marketing board suggested that a representative of New Zealand come over and look into the results obtained in British Columbia. Such a representative did come, and was so astounded by the quality of the work done here that

States and Canada failed to solve the difficulty? How many know that the Faculty of Agriculture at our university was called upon and solved the two main questions within a few months, thus adding thousands of dollars to the value of British Columbia's pulp and paper trade? Incidentally, the great new addition at the Powell River plant, is based upon the researches of the University of British Columbia. Is all this worth the investment of a few thousand dollars in the Agricultural Department at the university? Evidently the Powell River Company thinks so, as it now makes a large grant to this department each year.

Another bit of work by this same faculty. The above instances show how it has helped the farmer and the pulp industry. Now let us look at fishing. Halibut had the unfortunate habit of

a standing offer to go there permanently at any time. Like all other members of our Faculty, he is loyal to our university and prefers to remain here. What of chickens? We all know of hen No. 6. Do we all know that the researches of the Agricultural Department of the University are responsible for the production by British Columbia chickens of an average of 137 eggs per bird as against ninety-seven eggs per bird on the prairies? Fifteen per cent of all chickens die of paralysis. The matter is in the hands of the Department of Agriculture, and it is hinted that a solution is near. Alfalfa, much to the disgust of the farmer, has never been a heavy grazing plant. Further researches of the Agricultural Department have gone far in overcoming this difficulty. A little more help to the farmers. Cornell Uni-

versity was so impressed by this work that it sent for some of the plants produced here and is taking the advice of our department with regard to them. I have written at some length on the Faculty of Agriculture because it has been particularly attacked. I could cite dozens of other instances by which the work of this faculty has added thousands of dollars to the income of citizens in this province, but space is limited.

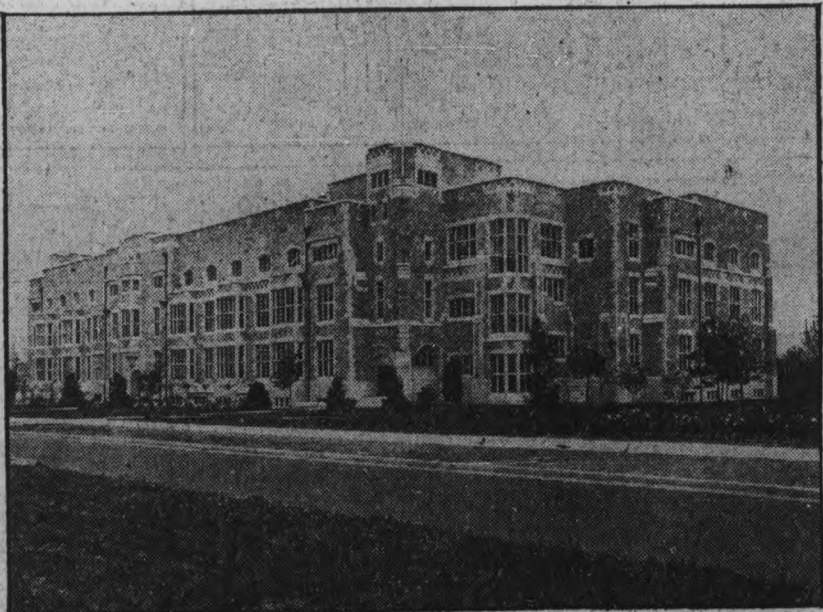

HELP FARMERS

These are just a few instances. A dozen others could be given. For instance, clover sickness has been a curse to farmers the world over. A member of the Faculty of Agriculture has done such remarkable work along the lines of eliminating this evil that he directs all such work carried on in the University of Wisconsin and incidentally has

becoming discolored very soon after being caught, thus rendering a first-class fish a second-class fish and causing a loss to the fishermen of thousands of dollars each year. The Department of Agriculture was called in, the cause discovered and the evil eliminated.

WHAT POWELL RIVER COMPANY THINKS

Another little job by the “nineteen professors and fifty-four students.” The people of British Columbia are naturally proud of the pulp and paper plant at Powell River. How many know that certain defects in pulp considerably reduced its marketing value and made the export of this product most precarious? How many know that scientists from all over the United

The science building, a lasting monument.

condition of affluence. Ninety per cent of the male students and many of the gentler sex depend on their summer earnings for a large part, if not all, of their tuition fees, book costs and other incidental expenses. Forty per cent of the student body come from outside the city of Vancouver and represent every corner of the Province. Let those who claim that the university is a preserve of Vancouver enrolled this year, 1,774 are British subjects, the remainder representing almost every country on the face of the globe. Of 2,000 living graduates, 1,514 reside in the Province of British Columbia, ninety-three in other provinces of Canada, and a further twenty-two in different parts of the British Empire. Only 145 are to be found in the United States, and the greater number of these were students who had come from the United States to study here or our own students who are pursuing graduate studies. Another charge disposed of.

A DEPLORABLE CAMPAIGN
I do not wish to weary my readers, or exhaust the editor's patience. I have

endeavored to show in a comparatively sketchy manner how totally unfounded are the charges so freely leveled against the university. It is indeed to be deplored that such charges are being made by persons well acquainted with what is set out in this article. They know in their hearts that their statements cannot be supported, but for reasons of their own they endeavor to mislead the citizens of this Province. It would be well for our peace of mind and our natural respect for our fellow men not to inquire too closely into the reasons and motives behind the deplorable campaign carried on against an institution of which our people may well be proud.
